VOL. XXVII. COLUMBIANA, ALA., THURSDAY, NOVEMBER 6, 1918. NO 20.

SHELBY COUNTY TEACHERS INSTI.

Will Be Held In Columbiana At High School Building Beginning Nov. 20th

The Shelby County Teachers Institute will he held at Columbiana High School building, beginning November 20, 1918, at 10 o'clock a. m. and continuing until Saturday noon following.

Under the law all schools in the county will be automatically closed while the Institute is in session and all teachers, including holders of life certificates, are required to attend under penalty of having their contracts voided for failure to do so. It is aleo necessary that teachers attend an Institute during the current scholastic year in order to be illigible to make contract to teach in the public schools of the state during year beginning October 1, 1919. Professional work in institutions of higher learning prior to Oct. 1st, 1918, is not a basis for exemption from Institute attendance.

All teachers are requested to bring their school registers and copies of Theory and Practice of Teaching by Rapeer.

S. P. Williamson,
County Supt. Education.

Mrs. Owen Dead.

Mrs. Macy Owen, wife of J. D. Owen, died at her home in Shelby on Wednesday of infinenza, and was buried at Old Chappel cemetery last Thursday afternoon, Rev. J. A. Davis conducting the funeral services. Mrs. Owen was 27 years old and a member of the Methodist church.

She is survived by her husband and three children, mother, and three brothers, H. C. Woods of Shelby, and C. M. Woods of Jenifer, and G. W. Woods.

In Memory,

Mrs. Elizabeth Davis, whose maiden name was Hale, was born in Shelby county, June 22, 1848, and died at Miguon near Sylacauga, Ala., Oct. 27th, 1918. The mother of fourteen children, seven, one half, of whom heard the final Call and preceded her into the Eternal Beyond, and seven remain to mourn her departure and follow her sweet Counsel and blessed example. Of her six sons two are Ministers of the Gospel of Christ, in their mother's church, the Missionary Baptist. She also has a grandson who is a preacher. Thus does God own and bless and honor the love labors and prayers of His own true servants. For fifty years a faithful, loyal, loving member of the Church, ever seeking first the Kingdom of God, no wonder her life has been thus honored and blessed. A mother in Israel has gone to her well earned rest to her eternal home. She did not die, but weary with her long pilgrimage and her arduous toil, she sweetly "fell asleep in Jesus." Death to her was the Liberty Bell of Heaven, announcing her everlasting freedom; not the end of life, but the real beginning of per fect life; and Jesus teachers us in John XIV. that in that hour He comes and takes His beloved Home. And all is well forever.

From Sylacauga, on the train, the body of Sister Davis was brought to Shelby, Ala., the morning of the 28th, and, for convenience, was carried to the Baptist Church, There at 10 a. m. the funeral service was held by Rev. T. K. Roberts and Bro. C. J. Crawford of Columbiana; and then the journey was continued to the family burying ground, where the dear old Mother's weary body was laid to rest.

"Bro. Tom."

UNITED WAR WORK CAMPAIGN

Shelby County's Quota To Be Raised Is $9,270.36. Begins Nov. 11th

This campaign begins on Monday, Nov. 11th, and continues eight days, ending on Monday, November 16.

The quota for Shelby county is $9,270 36. The county is divided into beat or precinct campaigns Each has a chairman appointed to manage the campaign in his beat. The principal location of these campaigns is in the towns, but they will extend into rural communities, because they have given their share of the fighting power as well as the towns, and they will want an opportunity of donating something for the welfare of their sons, and they will be given this opportunity. It is expected that the beat chairman will organize these rural communities by appointing committees for the purpose of scattering circulars, advertising the campaign and by soliciting funds.

In all previous drives Shelby county has gone over the top in splendid fashion. Let us not drop below that standard in this United War Wark Campaign, the success of which means so much to our brave boys are valiently fighting to make secure that freedom and liberty we love so well. The hard winter is coming and our boys are long ways from home, and they must be made comfortable and made to feel that we haven't forgotten them. Every man and woman should give something to this worthy cause. If peace should be declared right now, it would take long months for our boys to get home, and they must be cared for until they get back.

Authorities say that when the soldiers are fighting, they have an objective, which helps to keep up their morals, but if they should suddenly cease fighting, pending peace negotiations, the time consumed waiting in the camps in far away France for their turn to be sent home would make it extreme ly lonesome and monotonous for them, so that the "Y" hut would be needed even more then than if they were engaged in the conflict.

If a member of a committee soliciting funds for this drive does not approach you, be sure and locate them and contribute something.

The character of the work done with these funds is set forth in the following paragraphs:

"The Y. M. C. A. Hut is home to-day for two million boys over there and for another million on this side. Your money helped to buy the Huts, and is helping to keep the bright spot in the soldiers and sailor's lives."

"There is no one factor contributing more to the morals of the American army in France than the Y. M. C. A The value of this organization cannot be over estimated. Gen. Pershing says: "Give me nine hundred men who have a Y. M. C. A. rather than one thousand who have none, and I will have better fighters every time."

The "Y" has built 538 Huts of various designs in American cantonments, and in France the number is larger already and is growing at the rate of a hundred a hundred a month. If they were gathered together they would make quite a city; and besides there are "huts" in cellars and dug-outs right under the guns in France, for the "Y" follows the boys straight up to the trenches.

SHELBY COUNTY BONDS ARE GOOD

Judge Grubb In Federal Court Rules That Road Paper Is "Sound"

Road building warrants issued by Shelby county afthat that county had passed its constitutional limit of indebtedness are sound commercial paper, according to a ruling made by Judge W. I. Grubb of Federal Court.

This case has been bitterly contested by the factions of Shelby county, one faction opposing the building of good roads, it is said, and the other determined to build them even though the county went over the limit on bonds.

Warrants to the amount of $200,000 were issued and the A T. Newell Contracting Company of Birmingham, accepted the warrants and built the roads, according to agreement. When he came for final settlement it is said the fight in Shelby county began, one faction contending that the Newell Company should have investigated the financial condition of Shelby county before it accepted the warrants and commenced the road work.

The local contracting company took part in the legal fight before Judge Grubb as it stood to lose much of the $200,000 becausa the roads had already been built or nearly completed and the decision of the judge is to their advantage decidedly, the two political factions having no monetary considerations at issue.—Birmingham News, Nov. 2.

Every day 2,500,000 letters are written on "Y" stationery. Fourteen million dollars of your money was used in building these great friendly homes last year, and more will be needed next year for the army is growing so fast

REPUBLICAN TICKET ELECTED TUESDAY

The Entire County Ticket Was Elected From 100 To 125 Majority. Democrats Made A Harder Fight Than Uusual To Win

The election Tuesday passed off quietly all over the county, and a lighter vote was polled than two years ago on account of so many of Shelby county boys being called for war duty in France. According to the returns received Wednesday morning the entire Republican ticket in the county is elected between 100 and 125 majority. The Democrats made a hard fight to win the election, but their efforts were in vain.

The Republican party deserves the congratulations of the whole county for standing by the true principles of local self-government, and for the enforcement of the law without fear or favor. The voters of Shelby county can be depended upon to do the right thing.

We will publish the official count next week.

AUBRY WILLIAMS PASSES AWAY

On Saturday morning, Nov. 2nd the death angel claimed for its victim Aubry Williams, one of Shelby's most highly and respected citizens. He was sick only a week with influenza and pneumonia, and his death was a shock to his retatives and many friends throughout the county.

Funeral services was held at the family residence last Sunday afternoon, conducted by Rev. A. J. Notestine of Columbiana. He was 34 years old at the time of his death. He was born in Limestone County, Texas, but has been a resident of Shelby for the past 20 years. He was a member of the Baptist church for a number of years and was always ready to give to the charitable and good causes.

Weep not dear ones, for all that God does is for good.

He is survived by his wife, Mrs. Lexie Isbell Williams, his parents Mr. and Mrs. J. C. Williams of Shelby, two sisters, Miss Ada Williams of Shelby, and Mrs. B. F. Jarvis of Calera.

URGES DELAY OF BAPTIST MEETING

PRESIDENT OF STATE ASSOCIATION MAKES RECOMMENDATION TO DIRECTORS.

COMPLAINS OF R. R. SERVICE

Secretary Public Service Commission Says Coal Has Been Grossly Delayed in Transit.

Birmingham.—Dr. W. B. Crumpton, President of the Alabama Baptist State Association, has addressed a letter to the Board of Directors of the Association, suggesting that the Alabama Baptist State Convention, scheduled to be held in Birmingham November 12-14, be postponed to December 3-5. In his letter he states that with Dr. Yarbrough he had discussed the situation with State Health Oficer, Dr. Welch, who had advised the postponement.

* * *

Montgomery.—Atticus Mullen, Secretary of the Aabama Public Service Commission, has written B. L. Winchell of Atlanta, Regional Director for the Federal Railroad Administration, calling his attention to a number of complaints wherein coal has been grossly delayed in transit in Alabama. In some instances, it has been delayed from the mines to the dealers in the various cities. The situation appears to be particularly bad in Birmingham and vicinity, and also in the Florence-Sheffield section.

* * *

Montgomery.—Jobbing points would be completely obliterated and all freight rates throughout the country would be increased from 50 to 100 per cent, based on mileage, if the suggestion of Director General of Railroads McAdoo, in a letter to Sam P. Kennedy, President of the Alabama Public Service Commission, is adopted and made nation wide. In the letter to Mr. Kennedy, received recently, Director McAdoo recommends the adoption of uniform rates, state and interstate, in those sections where conditions of transportation are substantially identical, and incloses copies of two proposed schedules, one a western classification, for the inspection of the commission, with the suggestion that the Commission express its views to the Interstate Commerce Commission or to himself personally. He invites a full discussion of the proposed country-wide standardization of freight rates, which, if adopted, would render null the functions of the Public Service Commissions and like bodies of all tSates in matters of rates.

* * *

Montgomery.—On account of the epidemic of influenza prevalent througout the country, the nineteenth sesion of the Alabama conference of the Methodist Protestant church, which was scheduled to convene November 7th, was postponed until Thursday, November 21. This action was taken by President S. H. Lynch, after a conference with the secretary, Ira Champion, who had been in correspondence with the members of the standing district committee.

* * *

Florence.—F. H. Frankland, of the firm of Waddell and Company, of New York and Kansas City, constructing engineers who has taken a contract to construct the Muscle Shoals Traction Company's interurban line from Huntsville to Florence, is now in Washington to present data to the War Industries Board relating to the proposed road. This interurban line, which will run from Florence to Huntsville, by way of Athens, will put the north side of Tennessee River in close touch.

* * *

Montgomery. — Twelve local draft boards have reported to the State Military Department that they have completed the classification and physical examination of registrants between the ages of 19 and 36 inclusive. The boards that have finished the classification and examination of the 19 to 36 class are: Bibb, Butler, Covington, Elmore, Geneva, Lowndes, Marion, Pike, Chilton, Talladega, Wilcox and Jefferson County Board No. 3. To Butler belonged the honor of being the first county to complete the task.

* * *

Clanton.—Joseph P. Vanderveer, Sr., has taken charge of the Clanton postoffice, pursuant to telegraphic instructions from the Postmaster General at Washington, to conduct the business of the office until a permanent postmaster can be appointed.

* * *

Sheffield.—The epidemic of Spanish influenza which has prevailed at the government nitrate plant at Muscle Shoals has passed into history and officials there declare that normal conditions prevail again.

* * *

Greenville.—The farmers are complaining of the continued wet weather. They claim that the velvet bean crop will be almost a failure on account of so much rain. The bean crop was already short on account of the dry planting season.

* * *

Montgomery.—Full military honors were accorded Miss Helen Wright, of New Orleans, a volunteer whose death occurred here from pneumonia, contracted while nursing sick soldiers at Camp Sheridan.

Mobile.—Inasmuch as considerable lumber will be used in government work or near-government work, such as barracks at cantonments, houses for empoyes at shipbuilding plants, at steel mill development, in Alabama, it is hardly believed that the order of the War Industries Board to lumber manufacturing plants to operate only sufficiently to meet essential needs will have much effect in this State.

* * *

Huntsville.—The Huntsville Gas Company, which has been practically out of business by reason of plant troubles during the last three and a half weeks, has resumed operations and now the people of Huntsville again have gas. Aggravating the plant troubles, every man at the establishment was ill with influenza at one time and there was nothing to do but shut down.

* * *

Birmingham. — Having failed to reach an agreement with the owners of the property,, the government has begun condemnation proceedings against persons and corporations owning property in Walker county wanted as a right-of-way for a branch line of railroad to connect the Ensley Company plant. The strip of land needed is in Walker county, township 16. The railroad line will be about two and a half miles long.

* * *

Tuscaloosa.—As a result of the recent heavy rains in the Warrior water shed, that stream went out of its banks, and the damage to crops in the country adjacent is greater than in any flood in recent years. The material damage in the district is almost inestimable, it is said, mostly confined to crops growing along the river. The greatest loss in Tuscaloosa county and adjoining counties from the flood were from crop losses. According to estimates of County Agricultural Agent Lett, about 15,000 acres of corn in Tuscaloosa county was swept away by the flood. The loss in Hale, Greene, Marengo and Sumter will be as great or greater than in Tuscaloosa, making an appalling loss from corn alone. The damage in the Tuscaloosa district will reach approximately $2,000,000.

* * *

Washington.—Alabama men for whom army commissions have been announced are: Ralph D. Porch, Sylacauga, first lieutenant medical corps; James W. Buffington, Plantersville, second lieutenant quartermaster; David H. Chilton, Patton, first lieutenant medical corps; Ralph C. Houser, Montgomery, first lieutenant, sanitary; Burt S. Watson, Lincoln, second lieutenant, engineers.

* * *

Montgomery.—Members of the French and British military missions, attached to Camp Sheridan during the past year, have received orders calling them to the War College for further instructions as to further duties or have been assigned other camps.

* * *

Talladega.—Japanese interests owning and operating the little furnace at Talladega are now sending the foundry iron being produced there to Japan, first shipment having been started via New Orleans. The furnaces was blown in several weeks ago, and while at first but 30 or 40 tons of iron were produced daily.

* * *

Birmingham.—Conditions are improving steadily in the coal mining section and men, recovering from the influenza, are returning to their work which is being felt in the production throughout the district. The announcement is made that by the coming week it is expected the situation as to the epidemic will have recovered and there should be a big improvement in the output.

* * *

Tuscaloosa.—The Synod of the Presbyterian Church of Alabama, scheduled to meet in Tuscaloosa November 12, has been postponed until later on account of the influenza situation. The situation is greatly improved here and would not interfere with the meeting as scheduled, but owing to conditions elsewhere from which the Synod draws its attendance the meeting was postponed.

* * *

Gadsden.—The Etowah County Food Administration has been requested to make an investigation to ascertain whether all of the wheat conservation regulations are being observed.

* * *

Greenville.—John W. Halso, Butler's oldest citizen, died at his home near Greenville. He was 96 years of age, was a Mexican War veteran and also one of the War Between the States. In the latter struggle he was a member of Company K, 17th Alabama.

* * *

Montgomery.—Arrival of 200 commissioned officers from Camp Jackson and 500 enlisted men from Camp Taylor here set in motion the active organization of the 21st and 23rd Artillery Brigades at Camp Sheridan.

* * *

Montgomery.—Influenza apparently is decidedly on the wane in the thickly populated sections of Alabama, but just now seems to be growing more intense in the rural sections. This opinion was expressed by Dr. H. G. Perry, of the State Board of Health, after watching the reports of the last few days. The calls now for medical and pharmaceutical assistance seem now to be almost exclusively from rural communities, where the limited facilities doubtless have contributed to the disease taking a firm hold.

AUSTRIA-HUNGARY IS OUT OF THE WAR

ARMIES OF DUAL MONARCHY ARE NEARLY DESTROYED—SURRENDER BY REGIMENTS

ARMISTICE TERMS SIGNED

Italians Report Capture Of Over One Hundred Thousand Prisoners And Many Guns

New York.—Austria-Hungary is out of the war. Deserted by her last ally, Germany fights alone a battle which means ultimate defeat or abject surrender. After days of pleading an armistice has been granted Austria-Hungary, whose badly-defeated armies in the Italian theater are staggering homeward under the violence of the blows of the entente troops. Trent, in Austrian Tyrol, which the Italians always claimed as their own, has been captured by them; Triest, Austria's principal seaport on the Adriatic, over which there has been such bitter fighting, now flies the Italian flag, and Belgrade, capital of Serbia, has been reoccupied by the Serbians.

Entire regiments surrendered to the Italians in the mountains and large numbers of the enemy were made prisoners on the plains. Heavy casualties were inflicted on the retiring troops. Many additional towns have been reclaimed. In their swift drive against the Austro-Hungarians, the allied forces have taken more than one hundred thousand prisoners and have captured more than twenty-two hundred guns. So rapid was the advance over the plains that the Italian cavalry already has crossed the Tagliamento river and entered Udine November 3.

AS CAUSE OF WORLD WAR, SOLDIERS SLEW COUNT STEPHEN TISZA

Tisza's Last Words Were: "I'm Dying; It Had To Be!"—Slain In Arms Of His Wife

Amsterdam.—The Berlin Vossiche Zeitung contains a dramatic description of the assassination of Count Stephen Tisza, former premier of Hungary. At six o'clock in the evening, three soldiers invaded Count Tisza's residence and presented themselves in the drawing room. Count Tisza, with his wife and the Countess Almassy, advanced to meet the intruders, asking what was wanted.

"What have you in your hand?" a soldier demanded of Tisza.

Tisza replied that he held a revolver. The soldier told him to put it away, but Tisza replied: "I shall not, because you have not laid aside your rifles."

The soldiers then requested the women to leave the room, but they declined to do so. A soldier then addressed Tisza as follows:

"You are responsible for the destruction of millions of people, because you caused the war."

Then, raising their rifles, the soldiers shouted:

"The hour of reckoning has come!"

The soldiers fired three shots and Tisza fell. His last words were: "I am dying; it had to be!"

The soldiers quitted the house, accompanied by gendarmes, who previously were employed to guard the entrance at the door.

WAR EXPENDITURES OF THE UNITED STATES RUN TO $20,561,000,000

Washington.—War expenditures are not as great as the treasury estimated five months ago when it set the mark this fiscal year at about twenty-four billion dollars. Expenses for October amounted to $1,664,862,000, including $489,100,000 in loans to the allies. The total was a little more than expenditures last July and about $250,000,000 less than the estimates for October.

Owing to unusual receipts of $3,583,400 in October from popular borrowings, the working balance in the treasury's general fund now stands at $1,845,739,000, a new high record. From fourth Liberty Loan payments along $2,295,000,000 poured into the government's coffers last montth.

362,355 PRISONERS AND 6,217 CANNON TAKEN IN FRANCE SINCE JULY

Paris.—Since the great offensive began on the western front on July 15 last the allied armies have captured 362,355 prisoners, including 7,990 officers, as well as 6,217 cannon, 38,622 machine guns and 3,907 mine throwers. The allies during the month of October captured 108,343 prisoners, including 2,472 officers, as well as 2,084 cannon, 13,639 machine guns and 1,193 mine throwers.

Seventeen Sorts Of Buildings Barred

Washington.—The war industries board made public a list of seventeen types of non-war construction projects which, it holds, can most easily be postponed for the period of the war. They include: Churches, hotels, schools, office buildinfs, bank buildings, public apartment buildings, non-war factories, mills, etc., commercial enterprises and store buildings, gas and electric light plants, grain elevators, waterworks improvements, sewerage systems, garages and gasoline stations, sidewalks, etc.

NO REAL GRAFT IS FOUND

Charles E. Hughes Submits Report Of His Investigation To President Wilson

Washington.—The long-awaited report on the aircraft investigation conducted by Charles E. Hughes and Attorney General Gregory during the last five months has been placed before President Wilson by the attorney general and immmediately made public.

Delays and wastes of the production program, the report declares, were due chiefly to the "defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps."

No fault is found with the management of the aircraft affairs since the reorganization of last May, which placed John D. Ryan in charge. The civilian personnel of the aircraft production board is exonerated of any wrongdoing.

Attorney General Gregory in a letter transmitting the report to President Wilson says he is in "substantial accord" with the finding by Mr. Hughes.

The reports finds no graft in the generally accepted sense, but makes recommendations for proceedings against army officers held guilty of dealing with corporations in which they were interested.

The chief waste from the original appropriations of $691,851,866, the report says, was in the abandonment of two types of airplanes—one of them the Bristol—and a failure to salvage, aggregating about $24,000,000. The figures show that last May, of the great appropriation, $134,000,000 actualy had been disbursed, and that up to October 1, the expenditure had reached about $140,000,000 for all aviation purposes. This did not include expenditures of the sales department, which buys material and resells it to manufacturers, and for advances for building plants. Contracts let, however, committed about $470,000,000 of the fund. The figures are given in answer to the general charge that the sum had all been expended, with practically no results.

The attorney general concludes in his letter of transmittal that "no such profits have been allowed as to justify a charge of bad faith."

ALLIES TO BATTER GERMAN BACK DOOR

Attack From The East Foreshadowed In The Commons—Allied Fleet To Pass Up The Danube

London.—An allied attack on Germany from the east was foreshadowed by George Nicoll Barnet, member of the British war cabinet, in a speech at the American Officers' Club in London.

The armistice with Turkey might have been signed earlier, said Mr. Barnes, but we held the Turks on a string." He explained that the allies were committed to a free Arab state with Aleppo as the capital and there was no hurry to get the Turks out of the war until Aleppo was captured. Other places as necessary to the Arabs as Aleppo also must be surrendered.

The British have been assembling ships at the mouth of the Dardanelles for some time and Mr. Barnes said he understood the vessels already had started through the straits. He concluded:

"There now is nothing to prevent the fleet from going into the Black sea and up the Danube to Germany's back door, and if the Germans are going to defend their territory they must divide their remaining forces between the western front and the back door at which we shall soon be knocking."

Cuban Woman Kills Her Seven Sons

Havana, Cuba.—Grieving over the death of her husband, who had died of influenza, Mrs. Carmen Lavera, aged 34, near Camaguey, killed her seven young sons. She then placed the live stock of the farm in a hut and after setting it afire leaped into the flames. She was rescued in a serious condition by soldiers.

Count Tisza Killed By Hungarian

Copenhagen.—Count Tisza, the former Hungarian premier, has been killed by a soldier, according to a Budapest telegram. The count fell victim to a revolver shot while he was out walking. Count Tisza was promenading with his family when he was shot. A woman member of the group was wounded, it is added.

Mines Found Off Delaware Capes

An Atlantic Port.—Discovery of two floating mines off the Delaware Capes, in the approximate locality where the Cuban steamship Chappara was recently sunk, was reported by an American vessel arriving here from Cuba. The first mine was found more than a week ago while the steamer was bound south. It was exploded by rifle fire. The second was discovered during the vessel's northbound trip. Several mine sweepers working in the vicinity were notified of its presence and they quickly destroyed it.

Heavy Draft Calls Coming Very Soon

Washington.—Men of the new draft ages soon will be mobilized in large numbers early in November under a draft call now in preparation at Provost Marshal General Crowder's office. It calls for the entrainment of more than two hundred thousand qualified men for general military service. They will be furnished in proportionate numbers by every state in the Union. Draft calls suspended during October because of the influenza epidemic have been renewed in sections where the epidemic has moderated.

TURKEY IS FORCED TO SURRENDER

OTTOMAN EMPIRE SURRENDERED ALL TO GAIN AN ARMISTICE

MUST FREE ALL PRISONERS

Following Capitulation Of Entire Forces Fight In Mesopotamia, The Turks Quit "Dead"

London.—Turkey has surrendered unconditionally.

An armistice between the allies and Turkey was signed at Mudros on the Island of Lemnos in the Aegean sea, it is officially announced.

General Townshend, the British commander captured at Kut-el-Amara, was liberated several days ago by the Turks, Sir George Cave, the home secretary, announced in the house of commons, in order to inform the British admiral in command in the Aegean that the Turkish government asked that negotiations be opened immediately for an armistice.

The entire Turkish force which has been opposing the British on the Tigris has been captured, it is officially announced. Ishmail Hakki, commanding the Turkish armies of the group operating in the Tigris region in Mesopotamia, surrendered with one entire division and the best part of two other divisions.

The terms of the Turkish armistice which now are in operation, include the free passage of the Dardanelles to the allied fleet

Turkey, which now has been granted an armistice, entered the war in November, 1914, when she severed diplomatic relations with Great Britain, France and Russia. She is the second of the central powers to ask the allies for an armistice, Bulgaria having been given an armistice which led to unconditional surrender.

Military operations began against Turkey on November 5 and Great Britain annexed the island of Cyprus. Turkey entered the war only a few days after the German warships, Breslau and Groeben, had sought shelter in the Dardanelles, which at once was blockaded by the allied fleet. In April, 1915, allied troops were landed in Gallipoli peninsula, but the campaign failed and the allied troops later were withdrawn.

The British began a campaign along the Tigris and Euphrates rivers in November, 1914. They advanced to within less than 100 miles of Bagdad, but were defeated and retreated to Kut-al-Amara, where they were later forced to surrender. Early in 1917 the British renewed the offensive in Mesopotamia and have continued it successfuly ever since until now they are within a few miles of Mosul.

Turkey sent armies against the British in Egypt and against the Russians in the Caucasus. Both campaigns had a measure of success at first, but the allies soon drove the Turks back beyond the Turkish frontiers.

For several weeks after the United States declared war on Germany Turkey took no action, but on April 21, 1917, she severed diplomatic relations. However, there never has been a declaration of war either by the United States or Turkey.

Turkey's war activities under the leadership of Germanophile Turks like Enver Pasha has been marked by the severity with which the Turks have treated the subject nationalities in their power.

Stream Of Refugees Goes To Holland

Amsterdam.—When the German retirement in Belgian Flanders began it was expected 250,000 refugees would seek safety in Holland. Up to the present, however, only a small fraction of this number had arrived. There is no congestion, as in 1914, when the mass of refugees from Belgium threatened to overwhelm the hurriedly-organized bands of willing helpers. This time the stream began to trickel in slowly. At first several hundred arrived each day, but the number now has increased to thousands. However, there has been time to organize at all frontier centers of the Dutch provinces of Brabant and Limbourg, food depots in charge of committees cooperating with the Dutch Red Cross.

Bolsheviki Note Sent To The President

Amsterdam.—Russian Foreign Minister Tchetcherin addressed a note to President Wilson on October 24, according to Petrograd newspapers, saying: "As a condition of the armistice during which peace negotiations shall be begun, you in your note to Germany demanded the evacuation of occupied territories. We are ready, Mr. President, to conclude an armistice on this condition and request you to inform us when you intend to withdraw you troops from the Murman, Archangel and Siberia?"

Croatian Troops Occupying Fiume

Basel, Switzerland.—The city of Fiume has been abandoned by the Austrian authorities to the Croatian troops and the town has been bedecked with Italian colors. The commander of the garrison at Fiume initiated the abandonment by informing the governor that it was impossible to defend the town against attack. The governor thereupon demanded instructions from Vienna. He was told to leave the town to the Croatian soldiers, which was done, and the town was soon beflagged with Italian bunting.

TERMS LAID DOWN; ALLIES TO AUSTRIA

ARMISTICE TERMS WITH AUSTRO-HUNGARIAN EMPIRE MADE PUBLIC BY PRESIDENT.

UNCONDITIONAL SURRENDER

Open Austrian and Hungarian Territory For Allied Operation Against Germany.

Washington.—Terms of armistice under which the land and sea forces of what once was the Austro-Hungarian Empire have laid down their arms were announced simultaneously in Washington and the Allied capitals. They accomplish complete surrender and open Austrian and Hungarian territory for American and Allied operations against Germany.

From this drastic document it may be stated there is gleaned an accurate outline of the conditions nearing completion in the Supreme War Council at Versailles under which Germany may have a cessation of hostilities.

The terms under which the debacle on the Italian front ended includes complete demobilization of Austrian forces, surrender of one-half of all artillery and military equipment; occupation by American and Allied forces of such strategic places as may be selected; use of Austrian railroads for operations against Germany, evacuation of all invaded territory leaving behind all equipment and supplies including coal, surrender of a portion of the Austrian surface and submarine fleets, and disarmament of others under American and Allied control, surrendering of all German submarines in Austrian waters and repatriation of Allied and American prisoners without reciprocity.

Evacuation of Austrian territory roughly corresponding to the boundary lines claimed by Italy under the Italia Irridenta, or treaty of London program. The right of occupation of the Allied forces is reserved, local authorities to maintain order under Allied supervision.

The terms of the armistice are to be carried out under the direction of Marshal Foch, who will designate material to be turned over and supervise the movement of Austro-Hungarian forces to the rear.

All German troops in Austria-Hungary, Italy, or the Balkans, must be out, or interned, within fifteen days.

Destruction of any property by retreating forces is specifically forbidden.

Free navigation of all Austrian waters by both the war and commercial fleets of the Allies, is provided for.

The Danube route is to be kept open by the occupation or the dismantling of fortresses to be selected by the Allied commander. The existing blockade of the Allies against Austria remains unchanged, Austrian ships being liable to capture where found, except where a commission, to be named later, provides otherwise.

All enemy naval aircraft are to be put out of commission, and concentrated under Allied control. All Austria harbor and other equipment in occupied Italian ports is to be left untouched.

All fortresses protecting Austrian naval bases or stations are to be occupied and the arsenal at Pola is specifically surrendered. All Allied craft held by Austria are to be returned immediately.

FLYING CIRCUS NOV. 16.

To Be Held In Birmingham to Raise Money to Build Swimming Pool For Soldiers.

Birmingham.—This city is expecting to entertain a record-breaking crowd on November 16, for on that day a covey of seven death-defying birdmen from Taylor field will stage the most wonderful airplane exhibition ever in the south at the Alabama State Fair grounds. Here are some of the things they are going to do. Tail spins, loop-the-loop, barrel loop—rolling over and over—Immelmann turns, vertical banking, falling leaf, aerial combat, between one Hun and two Yank planes; formation flying in actual battle array, spirals, side-slips, nose dives, and a whole lot of other things. This squadron of Uncle Sam's Hun chasers will come here to raise money with which to build a swimming pool for the soldiers at Montgomery, and they are going to entertain Birmingham people with a seven-ring aerial circus that would make P. T. Barnum's sawdust performances seem tame in comparison.

HOW TO USE VICK'S VAPORUB IN TREATING SPANISH INFLUENZA

The Influenza Germs Attack the Lining of the Air Passages. When VapoRub Is Applied Over Throat and Chest, the Medicated Vapors Loosen the Phlegm, Open the Air Passages and Stimulate the Mucous Membrane to Throw Off the Germs.

In Addition, VapoRub is Absorbed Through and Stimulates the Skin, Attracting the Blood to the Surface and Thus Aids in Reducing the Congestion Within.

CALL A PHYSICIAN — GO TO BED — STAY QUIET — DONT WORRY

There is No Occasion for Panic—Influenza Itself Has a Very Low Percentage of Fatalities. Not Over One Death Out of Every Four Hundred Cases According to the N. C. Board of Health. The Chief Danger Lies in Complications Arising, Attacking Principally Patients in a Run-Down Condition—Those Who Don't Go to Bed Soon Enough, or Those Who Get Up Too Early.

Spanish Influenza, which appeared in Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-1890.

THE SYMPTOMS.

Grippe, or influenza, as it is now called, usually begins with a chill, followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes; there is usually a hard cough, especially bad at night, and frequently all the appearances of a severe head cold.

THE TREATMENT.

Go to bed at the first symptoms, not only for your own sake, but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing and sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS.

In order to stimulate the lining of the air passages to throw off the grippe germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then Vick's should be rubbed in over the parts until the skin is red, spread on thickly and cover with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates the skin attracting the blood to the surface and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE.

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds — which means avoiding crowds — common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air and good food.

KEEP FREE FROM COLDS.

Above all keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling—inhale the steam arising.

Vick's VapoRub can be had in three sizes—30c, 60c, $1.20—at all druggists.

SAFE, GENTLE REMEDY CLEANSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder, you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, headache, pain in loins and lower abdomen, gall stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica and lumbago, all warn you to look after your kidneys and bladder. All these indicate some weakness of the kidneys or other organs or that the enemy microbes which are always present in your system have attacked your weak spots. GOLD MEDAL Haarlem Oil Capsules are what you need.

They are not a "patent medicine," nor a "new discovery." For 200 years they have been a standard household remedy. They are the pure, original imported Haarlem Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New life, fresh strength and health will come as you continue the treatment. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All druggists sell GOLD MEDAL Haarlem Oil Capsules. They will refund the money if not as represented. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are prepared in correct quantity and convenient form, are easy to take and are positively guaranteed to give prompt relief. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes.—Adv.

TIRED, DRAGGY WORN-OUT

Texas Lady Thus Describes Condition She Was In. Then Tells How Cardui Relieved Her.

West, Texas—Mrs. J. A. Hunter, of this place, recently made the following statement: "I have known of Cardui for years—when a girl, my mother gave it to me to stop pains...and it certainly did me a great deal of good.

After marriage I was in a run-down state of health and nervous, not at all like my usual self...so much so that I had to go to bed. I began taking Cardui...soon I was strong, able to do my work, even my washing.

I have been well since...and I can recommend Cardui and gladly do so... Whenever I over-work and feel tired, draggy, worn-out, I take a few doses of Cardui. It strengthens me, gives me an appetite, seems to strengthen my back, and I soon feel like going to work again.

I think all women should keep and use Cardui. It is splendid."

If you are suffering from any of the symptoms Mrs. Hunter mentions, try Cardui, the woman's tonic.

In use for over 40 years, Cardui has helped thousands of women.

Cardui is composed of mild, medicinal, vegetable ingredients, acknowledged by standard medical writers to be of benefit in many female disorders.

"Every Step a Torture," Says Mrs. Whitenack—But Doan's Cured Her

Mrs. Florence Whitenack, 84 Armstrong Ave., Jersey City, N. J., says: "I suffered with rheumatism for six or seven years. My limbs and joints were so stiff and swollen, I could walk only with difficulty and the pains in my hips were so severe, I could hardly bear them. Every step I took was torture. My feet and limbs were swollen and so sore, I could hardly bear my weight on them. During the night I would lie awake for hours and become so nervous, I would have to get up. Dizziness came over me suddenly and my sight blurred. I was never free from the miserable backaches and rheumatic pains. I used different remedies, but I didn't get any better. Then I commenced to use *Doan's Kidney Pills*. The swellings began to leave right away and I continued to use them. The pains and aches left my back and hips and I am cured of the rheumatism and all signs of kidney trouble."

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

LOOK, MOTHER! IS TONGUE COATED, BREATH FEVERISH AND STOMACH SOUR?

'CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH, LIVER, BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

The Final Test.

The "old-timers" in the Great Lakes region tell the story of a prospective marine engineer who was being examined by the captain. The captain had asked a number of difficult questions in order to confuse the man, but the candidate was always ready with an answer. At last, in a tone of deepest concern, the captain asked:

"Suppose the water in your injector was working properly, your boiler check was not stuck or your pipes clogged, but you weren't getting any water in your boilers—what would you do?"

The engineer looked puzzled for a moment, unable fully to grasp the situation; then, with a knowing smile on his face, he answered:

"I'd go up on deck and see if there was any water in the lake."

"You'll do," said the captain.—Youth's Companion.

Trust Me! Try Dodson's Liver Tone! Calomel Harms Liver and Bowels

Read my guarantee! Liven your liver and bowels and get straightened up without taking sickening calomel. Don't lose a day's work!

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Adv.

Landing Space.

Discussing the proposal to put 20,000 American battleplanes in France, Lucian Cary says in Collier's Weekly: "Three squadrons of flyers—and there are 18 machines to a squadron—require a field nearly a mile long in which to land safely. Allow 60 machines to a field, which is a good many, and a third of a square mile to a field. It would require more than 300 fields to land 20,000 machines—more than 100 square miles of level space just beyond the front lines."

Acid-Stomach Makes Millions Weak and Miserable

For years dentists have been telling us that it's acid mouth that ruins the teeth, yet this acid that is powerful enough to eat through the harder than bone enamel of the teeth and decay them, is tasteless. Its presence can be detected only by chemical tests.

No chemical test is needed to tell you that you have acid-stomach.

Indigestion, belching, heartburn, sour stomach, food-repeating, that miserable puffed up feeling after eating, intestinal pains, headaches, etc. These are all Nature's warning to you. They are sure signs of superacidity.

Acid-stomach prevents proper digestion and assimilation, thus causing the blood to become thin and impoverished as a result of which people become sallow-skinned, emaciated, sick and bad looking.

Acid-stomach causes stomach and intestinal fermentation, producing poisons and toxins which, absorbed into the blood and carried throughout the system, cause auto-intoxication, insomnia, nervousness, irritability, mental depression, melancholia, dizziness, vertigo and oftentimes, valvular heart trouble and heart failure.

Acid-stomach causes irritation all along the intestinal tract—irritation so severe and aggravating as to frequently result in catarrh and even cancer of the stomach.

What chance, then, has anyone for robust health, happiness or success if this acid-stomach is allowed to tear down and use up day after day your strength and vitality faster than you can get it out of food you eat. Life is indeed dark and dreary for a person with acid-stomach.

You crave health, strength, the power and will to **think** and **act**—don't you? You want to feel full of pep and energy, fine and fit, always eager for work or pleasure.

Then you **must** rid your stomach of its excess acid. You can start doing it right now. A wonderful modern medicine has made it possible to literally wipe out the excess acid. This remedy is called EATONIC. It is made in pleasant tasting tablets and you take them just like a bit of candy.

And, my, how good EATONIC makes you feel! It banishes acid-stomach miseries like magic! Makes the stomach cool, sweet and strong. Helps you to get full strength out of your food so that, in turn, your body and brain are vigorous, alert and keen.

EATONIC is absolutely guaranteed, so get a big 50c box from your druggist. If it does not help you your money will be refunded. If your druggist does not keep EATONIC, send your name and address to the Eatonic Remedy Company, 1018 S. Wabash Ave., Chicago, Ill., and they will at once mail you a 50c box and you can send them the money for it after you receive it.

TO THE CITIZENS OF SHELBY COUNTY

I wish to express my appreciation to the voters of Shelby County for the honor conferred upon me and confidence placed in me in electing me Sheriff.

My loyal supporters and friends I wish to thank for their untiring efforts in my behalf.

Every public official is a servant of the people, and as such, I shall endeavor to conduct the sheriff's office in such a manner that will be a credit to myself and the citizens of the county.

Regardless of your polltical belief or your religious views, when I assume the responsibilities of this office, I ask your co-operation and suppori in enforcing the law and making my term of office a success.

Yours very truly,
J. A. Jackson.

War Work Campaign.

The first guns of the United War Work Campaign were fired in Columbiana Saturday last. In the afternoon Dr. Bull of Camp Sheridan, made an able address to a large and enthusiastic audience which filled the court room. And a soldiers' quartette completely captured the hearts of the large audience by their snappy songs. It was one of the best quartettes ever heard in Columbiana.

In the evening Hon. Bordon Burr of Birmingham, spoke to an audience that filled the court room. His speech was able, eloquent and full of pep and interest. For an hour or more he held the close attention of his auditors. He told of some of the thrilling things he observed and experienced on his recent trip to the battle fields of France, and explained what splendid work was being done for the boys over there by the Y. M. C. A. and other United War Work organizations. He appealed to his audience not to let the approaching peace effect their contributions in the War Work Campaign, explaining that the boys would need the help of these great organizations more than ever when peace comes.

During the evening the soldiers' quartette rendered several splendid selections in fine style, and again captured the hearts of the large audience.

Miss Jane Nabors Dies In Birmingham

Miss Jane Nabors, aged 78, died at her home in Birmingham last Friday morning at 2 o'clock, after an illness of several weeks. Miss Jane had been in declining health for several years, but was able to be up just a few weeks before her death.

Miss Jane was well known to many of our citizens in Columbiana, having resided here all of her life up to the time she moved to Birmingham several years ago to reside with her nephew, Henry Anchors.

Miss Jane was a member of the Methodist church and a christian lady, and was one of the oldest members of the Methodist church and Woman's Missianary Society of this place, and was greatly beloved by all who her knew in Columbiana.

Her remains were brought here last Saturday morning, and funeral services were conducted from the Methodist church by Revs. T. K Roberts and A. J. Notestine, after which her remains were laid to rest in the city cemetery.

The Advocate extends sympathy to the bereaved relatives.

Jim Seale Badly Hurt At Shelby

Jim Seale of near this place, was badly hurt at Shelby last Saturday morning when he fell about 60 feet while working on one of the furnaces. He was working on the inside of the furnace about six feet from the top when one of the ropes holding the scaffold suddenly broke, letting him fall to the bottom of the furnace.

Immediately after the accident he was carried to South Highlands infirmary in Birmingham, and as we go to press we learn that he is getting along as well as could be expected under the circumstances.

REVOLUTION IS RAMPANT IN THE LAND OF THE JUNKER

GERMAN SOLDIERS, CIVILIANS, TOWNS AND STATES WAKE UP AND THE "TO HELL WITH CIVILIZATION" RULE, THE PRODUCT OF PAN GERMANISM, ABRUPTLY ENDS WHEN ARMISTICE IS SIGNED.

RED FLAG OF REVOLUTION FLOATS OVER AUTOCRACY'S LAST STRONGHOLD.

Paris.—Revolution is spreading throughout Germany.

The Duke of Brunswick has abdicated without protest. Frederick Ebert, a socialist, has been named "the people's Chancellor."

The socialists now are reported to control the Wolff News Agency, which formerly was dominated by the government.

The Prussian ministry is said to have resigned in a body.

A public safety committee has been organized at Frankfort.

The revolt is sweeping through Bavaria, the Baltic ports, Berlin, Cologne and elsewhere, like wildfire.

London.—Field Marshal von Hindenburg has placed himself and the German army at the disposition of the new people's government at Berlin, says a dispatch from the German capital by way of Copenhagen.

Copenhagen.—The revolution in Germany is to all intents and purposes an accomplished fact. The revolt has not yet spread through the whole empire, but fourteen of the twenty-six States, including all the four Kingdoms and all other important States, are reported securely in the hands of the revolutionists.

Berlin.—Deputy Scheidemann, leader of the socialists in the Reichstag, in a speech said:

"The Kaiser and the crown prince have abdicated. The dynasty has been overthrown. It is a splendid victory for the German people.

"Herr Ebert has been charged with the formation of a new government, in which all shades of the social democratic party are to participate.

"Only decrees from the government bearing the signature of Herr Ebert have validity. Only orders from the minister for war bearing the counter signature of the social democrat acting as assistant are official."

Deputy Scheidemann exhorted the crowd to keep calm and to avoid incidents.

Deputy Von Tharr and some soldiers spoke from a motor lorrie. A delegate from the corps of officers of the guard battalion announced that the officers were on the side of the people. Storm applause and jubilation accompanied speeches.

Vorwaerts, the central organ of the social democratic party of Germany, in an extra published the following call for a general strike:

"The workmen's and soldiers' council of Berlin has decided upon a general strike. All the factories are at a standstill.

"The necessary administration of the people will be maintained. A large part of the garrison has been closed and bodies of troops and machine guns have been placed at the disposal of the workmen's and soldiers' council.

"The movement will be guided in common by the social democratic party of Germany and the independent social-democratic party of Germany. The workmen's and soldiers' council will take charge of the maintenance of quiet and order. Long live the social republic.

"WORKMEN'S AND SOLDIERS' COUNCIL."

WORLD'S CHIEF THUG FORCED INTO PRIVATE LIFE CATAPULTS INTO HOLLAND.

Amsterdam.—The Handelsblad says it learns the Dutch government will obect to the former German Emperor residing in Holland and that officials of the Dutch government and the German minister at The Hague have gone to Eysden on the Dutch frontier, to meet the former German Emperor.

Amsterdam.—Emperor William, it is reported here, was on his way to the British lines to surrender when he was headed off by German revolutionists and forced to seek safety in Holland.

Washington.—The German people, for a generation the obedient and submissive servants of their war lord, for more than four years his pliant instruments in ravaging the world, have spoken a new word, and old Germany is gone.

From the confused, sometimes conflicting, and often delayed advices from Germany in the past few days, it has now become apparent that William, Emperor and King, has been stripped of his power. He is now plain William Hohenzollern, a fugitive in Holland. With his fall topples into ruin William's mad design to rule the world.

Little is known of the situation today in Germany, for that country is in the first days of its new adventure. It is not clear whether the old reign has been permanently dislodged or whether the new authorities, with the unscrupulous adroitness which has long marked German politics, are merely sacrificing the chief figureheads of Kaiserism in the hope of obtaining an earlier peace. It appears probable that no one in Germany knows, and it is still to be determined which of the contending elements will gain the upper hand.

Revolution is spreading rapidly and from the fact that a socialist is now chancellor it may be gathered that the object of the revolution is not merely the quick ending of the war, but the complete severance of the political ties which still bind the nation with its past.

For the allies the problem has changed. The countries which fought Germany and her vassals for more than four years have emerged from it completely triumphant, but within the borders of the countries which menaced the peace of the whole world stalks revolt, famine and anarchy. The world's next task may be to restore order in the desolated central empires. It may be the lot of the former who have successfully contested Germany's greed for power to save her from the fate she imposed on Russia. Likewise help will have to be given to Austria-Hungary, Bulgaria, and Turkey, whose ruin Germany wrought.

Amsterdam.—William Hohenzollern, the former German Emperor, his eldest son and Field Marshal von Hindenburg, it is learned from a responsible source, are in a railway train near the station of Eysten, awaiting the decision of the Dutch government.

The Hague.—Crown Prince Rupprecht of Bavaria, commander of the German northern army group, and his staff, have fled from Liege, where the garrison has revolted, according to the Belgian newspaper Les Nouvelles.

Evolution.

Said the almost-philosopher: "The fellow whose pap used to drive 25 miles to see a ballon ascension will heartlessly call his kids out of the street while they're watching an airplane."

Eucalyptus' Superiority.

A cedar tree requires more than a century to grow large enough to yield a 30-foot telephone pole. The eucalyptus will attain a larger growth in 30 years and its wood is quite as durable.

Dogs' Claim on Humanity.

Canine capacity for untiring and unfailing loyalty is the dog's strongest hold on human friends and protectors. It is the quality which gives dogs their greatest advantage over all other animals as pets.

How Vines Draw on Soil.

Vines are said to extract yearly from the soil only about three-fourths of the quantity of potash and sulphuric acid that cereals take up.

Washington.—America's great work now is to assist in the establishment of just democracy throughout the world, said President Wilson in a proclamation announcing the signing of the armistice. He said:

"My Fellow Countrymen:

"The armistice was signed this morning. Everything for which America fought has been accomplished. It will now be our fortunate duty to assist by example, by sober, friendly counsel and by material aid in the establishment of just democracy throughout the world.

(Signed) "WOODROW WILSON."

The President then ordered that all government departments be given a holiday.

SEE WHAT YOUR UNCLE SAM DID

THE RESULT OF 19 MONTHS—NO WONDER GERMANY DID NOT WANT A 1919 CAMPAIGN.

Washington.—America's entrance into the great war in April, 1917, sounded the doom of German hopes for the conquest of the world. The crumbling of the central powers was assured in view of the dramatic efforts put forth by this nation to bring a quick and complete victory. Here are some of the things America has accomplished in her 19 months at war:

Increased her army from 212,034 officers and men to approximately 3,700,000 officers and men.

Increased her navy from 82,738 officers and men to approximately 550,000 officers and men.

American troops marched to the line for their baptism of fire 187 days after we entered the war.

American troops permanently took over a part of the firing line in January, 1918, or nine months after entering the war.

Over 2,000,000 American troops had arrived in Europe when the war ended. Most of these had participated in major fighting.

And meantime America has poured out its gold to aid its associates in the war. A total of $7,732,976,666 have been loaned to the Allies, as follows: Great Britain, $3,745,000,000; France, $2,365,000,000; Italy, $1,060,000,000; Belgium, $183,520,000; Cuba, $15,000,000; Greece, $15,790,000; Serbia, $12,000,000; Roumania, $6,666,666; Siberia, $5,000,000, and Russia has been given a credit of $325,000,000 of which only $187,500,000 was paid before her collapse.

And to meet these loans and other war bills, the American people have contributed during the period $22,752,991,800 divided as follows:

Liberty Loans, $16,850,471,000; war savings, $720,600,000, and revenues from taxes, customs, etc., $5,181,875,000.

Expenditures for the war totalled to November 1, approximately $20,543,471,000.

Hundreds of new naval vessels of all types from the biggest battleships afloat to eagle boats are under construction or contracted for.

In the field of aircraft production this country had produced here 9674 planes up to mid-October and 24,672 engines. In addition we had acquired abroad 3129 planes and engines and production was going forward at a rapid rate.

Our shipbuilding record has astonished the world. During the war period 732 ships were launched, of which 471 of a total of 3,115,000 deadweight tons have been completed and are in service. A total of 1417 ships—7,326,000 deadweight tons—were flying the American flag on November 1. Eight hundred and ninety-one additional ships of approximately 2,500,000 deadweight ships tons are under control of the shipping board.

Shipyard employes have increased from 50,000 before the war to more than 400,000 men now. The pay roll of these men average more than $10,500,000 weekly.

To meet the giant efforts of America, congress during the war appropriated over $50,000,000,000. Included in which were authorizations for $10,000,000,000 in loans to the Allies.

Of the great appropriations over $23,000,000,000 were set aside for the building up and maintenance of the army, including all supplies and fortifications.

Among the other appropriations were the following: Shipbuilding, $3,892,000,000; aircraft, $1,584,000,000; navy, $2,882,000,000; railroads, $500,000,000; war finance corporation, $500,000,000; war insurance, $221,400,000; interest on public debt, $588,000,000; food administration, including the grain corporation, $162,385,000, and for the fuel administration, $3,618,000.

(And America supplied morale—which is pep—for the Allied world when it was needed most.)

Need for Discipline.

The price we must pay for continually proving and possessing the good is eternal vigilance. Often a sort of pig-headedness in self-assertion, in self-management, sets up its ownership. That is one reason why discipline—submitting ourselves in some ways to the will of others— is good for us all, big and little, young and old. It is the best and often the only means of breaking down the willfulness that is likely to enter any one of us at any moment.—Youth's Companion.

CIVILIZATION TRIUMPHANT OVER HUN AFTER WEARY YEARS OF STRUGGLE

THE ONCE PROUD GERMAN AUTOCRACY ACCEPTS MOST HUMILIATING TERMS, THUS ACKNOWLEDGING THE COMPLETE MASTERY OF ALLIED ARMS, THEN STEPS ASIDE.

THINGS "IMPERIAL" NOW SHUNTED INTO THE DISCARD

THE TERMS OF THE ARMISTICE, MUCH MORE DRASTIC THAN THOSE GIVEN AUSTRIA, BULGARIA AND TURKEY, MAKE IT IMPOSSIBLE FOR GERMANY TO RESUME OPERATIONS, THUS VIRTUALLY INSURING PEACE.

Wshington.—The world war was practically terminated Monday morning with Germany's acceptance of the Allies' armistice terms. The actual fighting ceased at 6 a. m. Monday (11:00 a. m. Paris time), six hours after actual signing.

Washington.—The terms of the armistice with Germany were read to Congress by President Wilson.

The salient points follow:

The strictly military terms of the armistice are embraced in eleven specifications, which include the evacuation of all invaded territories, the withdrawal of the German troops from the left bank of the Rhine, and the surrender of all supplies of war.

The terms also provide for the abandonment by Germany of the treaties of Bucharest and Brest-Litovsk.

Among the financial terms included are restitution for damage done by the German armies; restitution of the cash taken from the National Bank of Belgium, and return of the gold taken from Russia and Rumania.

All Allied vessels in German hands are to be surrendered and Germany is to notify neutrals that they are free to trade on the high seas with the Allied countries at once.

The naval terms provide for the surrender of 160 submarines, 50 destroyers, six battle cruisers, ten battleships, eight light cruisers and other miscellaneous ships.

The military terms include the surrender of 5,000 guns, half field and half light artillery; 30,000 machine guns; 3,000 flame throwers, and 2,000 airplanes.

The surrender of 5,000 locomotives, 50,000 wagons, 10,000 motor lorries, the railways of Alsace-Lorraine for use by the Allies, and stores of coal and iron, also was included.

The immediate repatriation of all Allied and American prisoners without reciprocal action of the Allies also is included.

In connection with the abandoning of the left bank of the Rhine, it is provided that the Allies shall hold the crossings of the river at Coblenz, Cologne and Mayence, together with bridgeheads and a 30 kilometer radius.

The right bank of the Rhine, and that occupied by the Allies, are to become a neutral zone, and the bank held by the Germans is to be evacuated in 19 days. The armistice is for 30 days, but the President spoke of the war as "coming to an end."

German troops are to retire at once from any territory held by Russia, Rumania and Turkey before the war.

The Allied forces are to have access to the evacuated territory either through Danzig or by the River Vistula. The unconditional capitulation of all German forces in East Africa, within one month, is provided.

German troops which have not left the invaded territories, which specifically includes Alsace-Lorraine, within fourteen days become prisoners of war.

The repatriation of the thousands of civilians deported from France and Belgium within fourteen days also is required.

Freedom of access to the Baltic, with power to occupy German forts in the Categat is another provision. The Germans also must reveal mines, poisoned wells and like agencies of destruction, and the Allied blockade is to remain unchanged during the armistice.

All ports on the Black Sea occupied by Germany are to be surrendered and the Russian war vessels recently taken by the German naval forces also are to be surrendered to the Allies.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

EMPLOYEES FORCED TO SAVE

How One Big American Company Inoculates Thrift Among the Men Who Work for It.

John Hirtz, one of the biggest taxicab men in America, says in the American Magazine:

"One of the sternest dictates of the company is that every man earning more than a certain minimum salary should save $5 a week.

"A man watching his account grow becomes ambitious," is the explanation given by Mr. Hertz. "A man becomes discouraged when he realizes that he is not getting ahead. He sours on the world. Our men are among the highest-paid in the country and can easily save $5 a week. If they don't show their bankbooks or other evidence of their thrift, we do not give them their semiyearly profit-sharing check. Instead, we deposit $5 in the bank each week for the man from his salary, and six months later turn the bankbook over to him, together with his check which we held up. If the man is unable to save we give him the profit-sharing check anyway, providing his wife or parents say he turns over all for their benefit and are pleased, as many cannot hold on to their earnings. Some have asked us to take out $8 and $10 weekly from their salaries."

Poor Mules!

A mule skinner from Alabama was brought into a dressing station. His munition wagon had been blown up by a German shell and he had three grave wounds.

"How do you feel?" the doctor asked.

"Mighty bad," said the mule skinner. Then he added, sadly:

"But not because of my wounds, doc. You get me wrong. You see, I was goin' on up front with my four old mules and a wagonload of death for those damned Huns when a big 'un plumped right in front of us—and it killed all my mules; I feel mighty bad about them animals gettin' bumped off so quick!"

Helping the Meat and Milk Supply

(Special Information Service, United States Department of Agriculture.)

KEEP NONE BUT PROFITABLE COWS.

Cull All but the Wage-Earning Cows From the Herd.

FIND OUT WHAT EACH COW GIVES

Feeds Are Costly and Scarce, So Don't Waste Them on Unprofitable Animals.

DISCARD ALL THE BOARDERS

Make Every Pound of Grain Produce Maximum Amount of Milk—Intensive Use of Scales and Babcock Test Favored.

A fire will not burn without fuel, an engine refuses to run without oil, and a dynamo balks sans power. The farmer who tried to winter his horse without feed evidently is not conversant with these facts. Hence the horse died. Similarly the dairyman who tries to produce a regular and generous flow of milk from a herd that is fed on a hit-or-miss, hand-to-mouth style of ration, lives to learn. There are many unprofitable dairy cows in the country today because farmers are wasting labor and feed in attempting to transform low-producing cows into wage-earners or because dairymen are underfeeding the productive and overfeeding the shirker animals in their herds.

During the period of the war, with grains in limited supply and high-priced, the maximum of care should be exercised to prevent the waste of any of these valuable materials. Under existent conditions all farm roughages should be utilized to the fullest extent consistent with economic production. However, it is the height of folly to starve the deserving dairy cows in order to save grain. Good cows must be fed and fed well. Every effort should be exerted to produce as much milk as possible and still to maintain the cows in the pink of productive condition. Feed the profitable cows to capacity according to their production. Cull the unprofitable cows from the herd immediately. The manufacture of beef in the dairy barn does not pay even in view of the high prices which fat cows now bring for butcher disposition.

Know What Each Cow Yields.

Every dairyman should know the daily production of each cow in his herd. Such knowledge can be gained only by the intensive use of the scales and the Babcock test. This is the era of the cow-testing association, as such co-operative work is effective in the detection of unprofitable cows as well as in properly regulating the amount of feed which should be supplied to each cow in the herd. The records of one cow-testing association show that during a two-year period the cows which received 1,200 pounds of concentrates yielded an average income above the cost of feed of $33 an animal, while the cows which were fed between 1,200 and 1,800 pounds of concentrates yielded an income in excess of feed costs of $42. The animals which were fed over 1,800 pounds of concentrates earned a net of $55 a head over feed cost. These figures illustrate the value of better cows and better systems of feeding according to production.

The average of the records of 40 cow-testing associations shows a rapid advance in income over cost of feed as the quantities of grain fed increased. In this instance the cost of concentrates for the first lot of cows was $7 apiece, while their income over cost of feed was $5. The concentrates for the best lot of cows cost $38, while their net earning capacity was $118. In a word, it would require a herd of 23 cows similar to those in the first group to produce as much income over cost of feed as was produced by the average cow of the last group.

A common fault which exists among many dairymen who are unfamiliar with the value of cow-testing work is that they fail to feed grain to their dry cows while many of them do not even feed a balanced ration to the best of their cows. When grain is fed it is dished up with a scoop shovel and all the cows are fed alike regardless of production. Under such a method of management good cows are underfed while comparatively worthless individuals are parasitic on the profits of their more industrious mates. Where such conditions exist it is of paramount importance that the farmer locate and dispose of the poor cows while he should feed the remainder according to production in order that the income over cost of feed may be increased.

Do Not Waste Grain.

Much grain is wasted by feeding it to cows that do not respond to better feed. The scoop shovel method of feeding all cows is worthy of vigorous condemnation. A study of cow-testing association records demonstrates that good cows should always be fed well. Grain is never so high-priced that it is not profitable to feed it to high-producing cows, the price of market milk and other conditions being equal. On the other hand, grain is never so cheap that it can be fed to low producers without much waste and loss.

Two large herds in a certain cow-testing association were fed alike, both being supplied with a comparatively high grain ration. One herd responded to the liberal feeding while the other did not. The average income per animal over cost of feed for the first herd was $75 while for the second herd it was only 64 cents. These results strikingly demonstrate the value of high-producing cows which are well fed according to production. The low-producing herd was fed a high grain ration regardless of milk yield and as a consequence much valuable grain was wasted. Present conditions demand that all such wastes should be eliminated by the retention of none but high-producing cows in the herd.

Feed According to Production.

A careful tabulation of the feed records of another cow-testing association in which milk production and income over cost of feed were high, reveals the fact that the cows were liberally but economically fed. Silage and leguminous hay constituted the roughage portion of the ration while the grain was fed according to known production of butterfat. During the winter these cows received one pound of grain daily for each pound of butterfat which they produced a week, while during the summer when pasture was short some supplementary grain was also provided. During cold weather the cows consumed an average of 33 pounds of silage a day, while during the summer pasturage periods each cow received a total of 676 pounds of soiling crops. Generous milk flow and a high butterfat test were the results of this liberal feeding. The average butterfat production of all the cows on test in that association was 296 pounds and the average income over cost of feed was $56 a year. By the more liberal use of soiling crops and silage the cost of production could even have been lowered.

It is not only the patriotic duty of every dairy farmer to make the most of his grain but it is also more money in his pocket where he feeds his cows according to production and capacity. In England the laws now limit the amount of grain which can be fed to dairy cows and other classes of live stock, and similarly in this country patriotic common sense and public opinion should combine in effecting the same end without actual recourse to legal assistance. This means that every pound of dairy feed should be devoted to the intensive production of milk. Keep good cows and feed them well.

GIVE LIBERAL RATION

If dairy cows are to be fed for profitable production they must receive a liberal ration at all seasons. In summer pasture generally is depended upon, but often it must be supplemented by soiling crops or silage, and sometimes by concentrates as well. For winter feeding, the ration usually is composed of hay, silage, and a mixture of grains. In properly balancing the ration the grain mixture is compounded to fit the roughage with due consideration for cost, bulk, palatability, and physiological effect upon the cow. For best results, cows must be fed individually, salted regularly, and furnished with all the clean water they will drink.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Womens' complaints often prove to be nothing else but kidney trouble, or the *result* of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and maybe despondent; it makes anyone so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great kidney liver and bladder medicine will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. VILE TASTE BLISTERED MOUTH

Oklahoma Lady Had Dreadful Time Before Finding the Right Remedy—Black-Draught.

Seward, Okla.—Mrs. Annie Bowlby, of this place, says in a letter written for publication: "I have used Black-Draught for two years, or more, and will never cease to be grateful for what it did for me and mine.

Some time ago, my mouth broke out with blisters. I had a vile taste in my mouth, all slick and disagreeable. I seemed to have a great deal of inward fever. I suffered with my back and kidneys. . . .

I was so nervous, it was dreadful. I would almost cry—I suffered so. I had gas on the stomach and pains but, as I said, the pain and . . . trouble was most severe. I had the doctor and used several medicines without result.

Still hurting and suffering, I began to use Thedford's Black-Draught, making it into a tea, and using a teaspoonful dose at a time in hot water. I gradually got better, my liver began to act, the fever went down and I have never had any more trouble of this kind.

There is no other medicine so good as Black-Draught."

TOMATO WAYS.

WHEN canning, select tomatoes that are ripe, but not overripe, and free from blemishes. Scald them for two minutes, then dip in cold water and remove the skins and the green core with a sharp knife. Pack into sterile jars whole for the cold pack method, fill each jar with boiling hot tomato juice, add a teaspoonful of salt to a quart jar and, if liked, one to three teaspoonfuls of sugar. Cook 25 minutes in a hot-water bath.

Tomato Puree.—This may be made from small or broken tomatoes. Cut and cook them until the tomatoes are soft, then press the pulp through a sieve, discarding the seeds and skins. Add one medium-sized onion, two tablespoonfuls of chopped sweet peppers and a teaspoonful of sugar and a half teaspoonful of salt. Cook all together until the mixture is of the consistency of catsup, stirring often to keep from burning. Pour it into jars and sterilize for 20 minutes in a hot-water bath.

Dried Tomato Paste.—Prepare the tomatoes as for canning. Put to cook with no water in an enamel kettle; when tender put through a sieve and cook the pulp until it is very thick, then place it over hot water in a slow oven, where it may dry out without danger of scorching. It may be then sealed in hot sterile jars or further dried on plates, cut in squares and stored in moisture-proof containers. This paste may be used for soups, sauces or scalloped dishes. One teaspoonful of the paste will make a dish of soup.

Spanish Pickles.—Slice thin one peck of green tomatoes, four onions, and chop four green peppers. Let the onions and tomatoes stand over night in a cupful of salt. In the morning drain them and put them into the preserving kettle. Add the pepper, one-half ounce each of allspice, cloves, and peppercorns, one-half cupful of brown mustard seed, one pound of brown sugar, and enough vinegar to cover the mixture. Heat gradually to the boiling point and boil one-half hour. Pour into scalded jars and seal.

The sweetest music is not in the oratorio, but in the human voice when it speaks from its instant life, tones of tenderness, truth or courage.

CHICKEN SOUPS.

FOLLOWING are chicken soups a little out of the ordinary:

Vermont Chicken Soup.—Reheat six cupfuls of chicken stock, seasoning with salt and pepper and a grated onion. Add one head of lettuce, shredded, and one cupful of green peas. Simmer until the peas and lettuce are done. Beat an egg, add enough stale bread crumbs to make a paste and shape into small balls. Drop these into the boiling soup and simmer ten minutes, then serve.

New Jersey Chicken Soup.—Reheat three quarts of chicken soup. Simmer one cupful of rice until it is tender in the stock, rub through a sieve, season and reheat. Thicken with one tablespoonful of cornstarch, rubbed smooth in a little cold milk. Add a cupful of boiling cream and one-half cupful of chopped cooked chicken; serve with croutons.

Chicken Soup With Dumplings.—Chop fine two ounces of suet, add half a cupful of flour and salt and pepper to season. Add enough cold water to make a paste and shape into balls. Reheat six cupfuls of stock, drop in the balls and simmer 15 minutes. Season to taste and serve.

Chicken Soup Hollandaise.—Cut into dice two cucumbers, two carrots and two turnips; cover with a quart of chicken stock and cook until the vegetables are tender. Season to taste, add a tablespoonful of butter and thicken with the yolks of four eggs beaten smooth with a cupful of cream. Pour into the tureen and add half a cupful each of cooked green peas and French beans.

New Orleans Chicken Gumbo. Cut up a chicken, dredge the pieces with flour and fry brown with a sliced onion and four slices of salt pork. Add four quarts of water and cook until the chicken is nearly tender. Add two slices of boiled ham cut in bits, a pod of red pepper, two quarts of sliced okra and half a can of tomatoes. Simmer until the chicken is done, season with salt and pepper and add one teaspoonful of powdered sassafras.

Peaches With Marshmallows.—Take halves of peaches, arrange in serving dishes and pour over a sauce made of the juice thickened with cornstarch and a bit of butter added, then place a marshmallow in the center of each peach and pour the sauce over, chill and serve cold.

OUT in the open, across the border of No-Man's Land, the Soldiers of Cheer are going tonight. In their packs they are carrying the comforts which your fighter wants. In their hearts they are carrying a message of cheer and hope.

To the most advanced positions they are crawling with those little things which loom up big in France—their bars of chocolate, their cigarettes, their rolls of cookies and cans of fruit. Yes, and sometimes, letters from home!

Under the very eyes of German snipers they are crossing open fields, dropping flat to the ground as each flare goes up, then creeping further forward.

Soon they will reach the gun-nests where a handful of fighters will whisper:—"Good for you, old boy! What would we do without you?"

Off in another sector an advance will begin at dawn. In the thick of it will be these men—perhaps of the Knights of Columbus or Y. M. C. A., perhaps the Jewish Welfare Board or Salvation Army.

Whatever uniform they wear, the hot chocolate which they serve tastes just as warm and comforting. The cigarettes they light and hand the wounded will be as good first aid.

"These men need smokes much more than what we give them," say the surgeons.

When daylight comes the wounded will be streaming back. The cigarettes and chocolate may be nearly gone—given away. But your money will replace them. Meanwhile these men will say:—"Put us to work!"

The surgeons will give them the arm-bands of the army's stretcher-bearers.

Then up beyond the front lines they will go, to bring back those too badly hit to walk.

Once, twice, three or four times they will make the trip before they too are hit.

Wherever there are fighters, the Soldiers of Cheer have their canteens, scores of them under shell fire.

Throughout the days they serve the crowd a mile or so behind the lines. At night they go forward, packs on their backs, to reach the men who occupy the outposts of civilization.

When the order comes to go over the top, they follow too. Wherever the troops go, there go these men who serve.

No wonder their names are in the casualty lists. No wonder they are cited. No wonder the fighters elect them honorary members of their outfits.

Keep the supplies coming! Help the Soldiers of Cheer to help your fighters! Give now—all together!

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at $170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

1000 Miles of Movie Film	85 Hostess Houses
100 Leading Stage Stars	15,000 Big-brother "secretaries"
2000 Athletic Directors	Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

"Gee! but it's nice to see a girl like you!"

IT was in a hut at one of the training schools in France. He was a non-commissioned officer. He had been in France for eight months, and now was back from the front as an instructor. He hadn't seen a girl of his own kind, a girl like his sisters, for weeks.

And there she stood behind the canteen counter in this big, roomy, comfortable hut.

He bought a bar of chocolate. Then he drifted over to the group around the piano. Presently he went back to the canteen for a package of cigarettes. He strolled to the reading table and leafed over a magazine. Again he returned—this time for a cake of soap and some tooth-paste.

For a moment the rush at the canteen was over. He loitered at the counter and looked at the girl. She smiled. So did he. Then he blurted out what he had been trying to say for 20 minutes:

"Gee! but it's nice to see a girl like you!"

There are girls like that all over France—in camps, in towns, in the big cities—even at the front itself. They are serving the canteens, running restaurants, handing out hot chocolate or coffee, pies and doughnuts.

They are giving the huts a look of home—putting bright curtains at the windows, posters on the walls, making flower-gardens at the doors. They are mending for the soldiers.

But, most of all, they are *just being there!* They talk about the things that sound like home. Perhaps they know the very towns and streets and girls that these boys know.

They bind together home and France! They are the girls *beside* the men behind the guns!

Without the organizations whose uniforms they wear, these girls could accomplish nothing. However eager to help, they could not even travel as individuals.

But with the backing of these established, recognized and regulated bodies, they can work wonders.

When you think of war as a brutalizing force, think of American womanhood working with the soldiers in this war—then give, to support the organizations which make this possible.

Why you should give twice as much as you ever gave before!

GIRLS! LOTS OF BEAUTIFUL HAIR

A small bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. Adv.

HEALTH TALK

Spanish Influenza or Grip

BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

NEWS REVIEW OF THE GREAT WAR

World's Conflict Brought to a Close by Virtual Surrender of Germany.

HUNS BEG ARMISTICE TERMS

Emissaries Go to Marshal Foch Bearing White Flag—While Conference Is Held Allied Armies Continue to Smash the Enemy.

By EDWARD W. PICKARD.

The great war is virtually ended.

At the time of writing hostilities had not ceased, but the plenipotentiaries of Germany had crossed the lines to a point near Guise, bearing a white flag, and were there considering the armistice terms offered them by Marshal Foch. That they would be compelled to accept these terms was considered a foregone conclusion.

Though the terms of the armistice had not been made public, those granted to Austria and Turkey proved that Germany would be forced to accept terms that meant unconditional surrender, with all that implies. The allies were in a position to refuse to listen to anything short of that. President Wilson had notified the German high command that it would have to ask terms from Marshal Foch in the field, and in consequence Mathias Erzberger, General Winterfeld, Count von Oberndorff, General von Gruenell and Naval Captain von Salow carried the white flag to the generalissimo of the allies. Whether they were fully empowered to act for Germany was not stated, but it was supposed that if it were necessary to submit the terms to the reichstag, such action would be in the nature of a formality.

Thus, after four years and three months of terrible conflict, the great war, involving directly most of the nations of the globe, has come to a close with the utter defeat of Germany and her allies, the complete failure of the gigantic conspiracy to force upon the world the rule of militaristic autocracy.

At the expense of millions of lives and billions of treasure the reign of democracy has been established throughout the world. The price has not been too great, for the victorious nations, and perhaps some of the conquered, have been regenerated by the blood they have shed and the gold they have spent.

Her military front in the west collapsing, her home front breaking down, her people ready to revolt and her troops forming soviets after the fashion of the Russian bolsheviki, Germany had to give up the struggle. Had the army commanders had their way, probably the fighting would have been continued for a short time longer, though hopelessly. But the internal changes had actually given the people a power they never before had enjoyed, and they brought it to bear in a way that compelled the militarists to make a speedy peace. The revolt of the armed forces already had begun in Hamburg and Kiel and also in Schleswig, and it was reported that the revolutionists had gained control of the entire German fleet.

—

And now for the peace conference. The first question is the place where the momentous meeting shall be held. The United States offers Washington. Great Britain favors The Hague; France, Versailles; Italy, Geneva. All are supposed to favor Washington as second choice. If the conference should meet in our national capital, it is believed President Wilson will preside; if elsewhere, some other American, presumably Colonel House, will sit at the head of the table.

The allied governments have agreed that peace shall be based on the points enunciated by President Wilson, with two modifications which have been accepted by him. These are that reparation by Germany shall include compensation for all damage done to the civilian population of the allies and their property by the Germans by land, by sea, and from the air; and that the entente allies reserve to themselves complete freedom on the subject of the interpretation of the phrase "freedom of the seas." Information on this was sent to Berlin by Secretary Lansing in the same note that told the Huns to ask an armistice from Foch.

—

Prominent men of England and France, backed by the press of those countries, insist that the German military commanders and others who have been personally responsible for the brutalities and inhumanities of the war shall be brought personally to trial and punishment. The names of these wretches have been carefully compiled by the British and French and Belgians during the years of warfare, and if they are permitted to go unpunished there will be a general outburst of wrath. The individuals thus accused include the officials of the Krupp works, who were in conspiracy with the militarists to bring on the war.

What will happen to Kaiser Wilhelm is still on the laps of the gods. He is no longer a free agent, and there have been loud and persistent calls in the cities of Germany for his abdication. However, the German government, after long consultation with the leaders of all parties, decided that he should remain on the throne, at least for the present. The Socialists wanted to oust him as a symbol of the militaristic system that has brought disaster on Germany; but the other parties believed he should be retained as the symbol of the unity of the German empire, which is so threatened just now. That they have reason to fear the growing separatist movement is evidenced by the Munich journals, which openly advocate the separation of Bavaria from the empire.

—

The allied commanders in France and Belgium gave no sign that they knew armistice negotiations were under way and the end of the war at hand. Not for one second did they cease their furious attack on the armies of the Huns, and the result was that before the end of the week the latter were facing the most complete disaster that could overtake them. The fighting raged all along the front from Ghent, which was surrounded and taken by the British, Belgians and Americans, to the region north of Verdun, where the Americans were forging ahead despite fierce resistance and almost insurmountable difficulties of terrain. Between these points the French armies, assisted on each wing by their allies, were mighty busy in operations designed to complete the work of cutting off the retreat of the Hun armies in the great pocket between the Holland border and Metz. Between the Sambre and the Scheldt three British armies engaged twenty-five German divisions and utterly defeated them, inflicting terrible losses and compelling a general retreat. On their right, after taking Valenciennes, they drove ahead through the Mormal forest, captured Le Quesnoy, and almost reached Maubeuge. The Canadians, on the British left, made equally important advances.

—

After accomplishing the difficult crossing of the Sambre canal and then starting the Huns well on their way eastward, the French made one of the greatest leaps forward recorded during the war. Vervins, Montcornet and Rethel, all German strongholds, and innumerable towns and villages of less importance were taken and passed by the irresistible Poilus, with whom an Italian corps was operating, and clear down to the Meuse the enemy was in full flight. So fast did the Huns fall back and so close on their heels were the French that the Germans were compelled to abandon many guns and great stores of material, and their losses in prisoners were enormous.

—

Meanwhile the Yankees were carrying out their part of the big drive by smashing through the German lines on both sides of the Meuse, and by Thursday they had entered Sedan and were close to Montmedy, Mezieres and other important towns. The feat of the Americans in forcing the crossing of the Meuse river and canal south of Dun and the taking of that town was one of the most dashing of all the incidents of the whole war. The doughboys had to swim across the waterways under heavy machine-gun fire and to climb the steep banks of the canal with the aid of grappling hooks. Between the river and the canal they had to cross a stretch of mud land three-quarters of a mile wide. The engineers gallantly did their share, building pontoon and foot bridges and our troops, tired but jubilant, proceeded to chase the swiftly retreating Huns to the north and east. The principal lateral lines of communication between Metz and northern France and Belgium were thus cut.

—

Italy took full revenge for the defeat of Caporetto before the armistice with Austria went into effect on November 4. Though the submission of the Austrian commanders was a foregone conclusion, General Diaz didn't lose a moment waiting for it, but went swiftly ahead with the job of absolutely crushing the enemy forces. It is estimated that in that last offensive the Italians took about 500,000 prisoners, and that they hold fully a million Austrians in their prison camps. The value of the material captured in the recent weeks is put at $5,000,000,000, and it includes 200,000 horses and 6,000 guns. The collapse of the great Austrian army was complete, and the scenes in the redeemed Italian territory where thousands on thousands of prisoners were being moved were said to be reminiscent of the retreat of Napoleon from Moscow.

Of course the armistice terms granted the Austrians were most severe, and included in them was free passage of the allied armies through Austrian territory, with use of Austrian means of transportation. This meant the opening of the way to attack Germany from the south and to protect Roumania. Emperor Charles refused to sign these terms, so that was done by the Austrian chief of staff. There was some question as to who could represent the late dual kingdom, for it is all broken up now. Hungary, under the leadership of Count Karolyi, has made complete its separation from Austria and will hold a plebiscite on the question of being a kingdom or a republic. Really nothing is left to Charles except the German part of Austria, and that shows signs of joining the German confederation. The disposition of the peoples of southern middle Europe is going to be one of the most delicate and difficult problems the peace conferees will have to solve. If possible, it must be so solved that this region, for ages a hotbed of international troubles, will be satisfied and at peace.

All Italy went wild with joy over its great victory, and the various cities of Italia Irridenta, now redeemed, greeted with acclaim the occupying forces of Italian troops and the civilian authorities. Having conquered their ancient foe, the Italians displayed a remarkable spirit of forgiveness and treated the defeated Austrians with utmost generosity.

—

Russia remains the one field of conflict, and it is not conceivable that the fighting can be kept up there for very long. Siberia is pretty definitely under the control of the allies, the Czecho-Slovaks and loyal Russians, at least as far as lines of communication are concerned. The government of northern Russia has acknowledged the government set up at Omsk as supreme and the bolsheviki now find their main strength is confined to the Volga valley region. The soviets are still powerful in many places, but the terrible food conditions and the fear of the approaching winter are having their effect. Germany formally severed relations with the bolshevik government last week, and the latter asked the allies to open peace negotiations at a time and place of their own choosing. Since none of the allied governments ever recognized the bolshevik government, it is difficult to see how anything could come of this except the surrender of the bolsheviki to the establishment of decent and safe governmental conditions.

—

Finland is sore. Its people declare they were misled by the Germans and that a German king was thrust upon them without their desire. It would not be at all surprising if that king were forced to abdicate in the near future and if a republican form of government were inaugurated.

The imminence of the cessation of warfare caused General Crowder and his aids to consider seriously the suspension of the November draft call, under which more than 300,000 men have been ordered to army camps. This action seemed likely

Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or headachy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

His Sole Reliance.

Why He Didn't Hit Him.

I heard some loud voices among the children in front of the house, and in a moment Arthur came in. I asked what was the trouble and he explained that a newcomer was picking a fight with the boys.

"What did you do?" I asked.

"Well," replied Arthur, "I'd have hit him if it hadn't been for his strengthfulness!"—Chicago Tribune.

DRUGGISTS!! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called For One and Three Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

Big Shipments Are En Route to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED

On October 1st we had on hand, at our Factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last ten days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16.....18,504 doz.
Thur., Oct. 17.....25,323 doz.
Fri., Oct., 18.....39,256 doz.
Sat., Oct. 19.....45,833 doz.
Mon., Oct. 21.....77,705 doz.

Up to Saturday, October 19th, we have actually shipped for this month $400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesman or by your own. Sell in small lots only.

2nd—Order from us in as small quantities as possible. If you are out we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next ten days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobber's salesmen or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship thru your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB.

In addition to the usual method of using VapoRub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using VapoRub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is not available, VapoRub can be used in an ordinary teakettle. Fill the teakettle half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a Bulletin just issued by the Public Health Service, Dr. Stiles recommends that the nose and throat be kept coated with some oily substance. For this purpose VapoRub is excellent—just put a little up the nostrils from time to time and snuff well back into the air passages.

Acid-Stomach Makes Millions Old Before Their Time

What is it that robs so many people of their vitality, youth and good looks—makes them all in and decrepit, years before their time? Some say it's rheumatism that is ailing them. Others complain of chronic stomach or liver trouble. Others are bilious. Life is a burden to multitudes of dyspeptics. Severe headache, extreme nervousness, insomnia, mental depression, melancholia, anemia, dizziness, vertigo, heart and chest pains, constipation, etc., claim other multitudes.

Sometimes these people are downright sick. More frequently they are just weak, sickly and unfit, not knowing exactly what is the matter with them. Nearly always they resort to medicines of one kind or another in the hope of getting back their health and strength. And nearly always they are disappointed, because medicines don't build strength unless they set the stomach free from acidity, allowing it to take full strength out of the food eaten.

What is it that causes teeth to decay? Dentists say—acid mouth—that the acid formed by the fermentation of small particles of food lodged in the teeth is powerful enough to eat right through the hard enamel. An acid-stomach presents a similar condition. Excess acid retards digestion. Food in the stomach sours and ferments, causing pain. Gases affect the heart action. The intestines become the breeding place for countless millions of deadly germs or toxic poisons. These poisons are carried by the blood into every part of the system. The famous scientist, Metchnikoff, said — if the system could be kept free from these toxic germs, people might easily live a hundred years or more.

The only safe thing to do is to rid the stomach of its excess acid at once. A way has been found in the wonderful preparation, called EATONIC—a compressed compound that absorbs the excess acid and carries it away through the bowels. Thousands upon thousands now know of EATONIC and its amazing power to clean out the excess acid and leave the stomach sweet, cool and strong—giving it a chance to properly digest food so that you get full strength of what you eat and in this way help Nature build up vigorous health, strength and vitality to take the place in a few days, of sickness, lassitude, weakness.

EATONIC is worth your trial. Its possibilities for restoring health, vigor, energy and vitality are beyond telling you in mere words—you must "just try it."

EATONIC is absolutely guaranteed, so get a big 50c box from your druggist. If it does not help you your money will be refunded. If your druggist does not keep EATONIC, send your name and address to the Eatonic Remedy Company, 1018 S. Wabash Ave., Chicago, Ill., and they will at once mail you a 50c box and you can send them the money for it after you receive it.

WHAT CONSTIPATION MEANS

It means a miserable condition of ill health that leads to all sorts of special ailments such as headache, backache, dyspepsia, dizziness, indigestion, pains of various kinds, piles and numerous other disorders—CONSTIPATION is a crime against nature. "Uncle Joe" Cannon is returned to congress by ten thousand majority.

California refused to go "bone dry" in the election November 5.

The Republican state ticket won out in California. This state will have a congressional delegation of five Democrats and six Republicans.

A. Mitchell Palmer, alien property custodian, speaking in Philadelphia, said German industrialism is as much a menace to peace as German militarism. He further stated that the business built up in this country by Germans is forever lost to them.

Fixing of prices of raw cotton is unnecessary and impracticable, President Wilson will be told by the cotton investigating committee of the war industries board. This announcement is made by Dr. Thomas W. Page, chairman of the committee.

Ohio has enered the fast growing columns of states where intoxicant liquors cannot be sold or purchased.

It is expected that the Democrats will speed up legislation now that it is confirmed that the next house and probably the senate will be Republican.

Joe Webb, a cotton mill worker of Rome, Ga., said to have been convicted of one murder, for which he was sentenced, and to be wanted for another, said that he pried the bars of his cell apart at the Rome jail and then climbed over the scaffold in order to reach the window leading to the outside world.

The Douglass cotton oil mill was totally destroyed by fire at Samson, Ala., entailing a loss of over twenty thousand dollars to the property.

Andre Tardieu, general commissioner for the Franco-American war affairs, makes an appeal to the United States to aid France in reconstructing her cities, towns and agriculture with men, money, materials and ships.

The United Press lays the blame for sending out the hoax armistice cablegram to Admiral Wilson at Best, and says the message was sent on his approval.

It is very likely that an order granting the telegraphers an increase in pay will be issued at an early date. The raise has been recommended by the advisory board.

Governors of all states in the Union are asked to co-operate in a plan to plant along trans-continental highways and public roads memorial trees for the nation's dead soldiers and sailors.

The war department announces that twenty-two thousand negro soldiers qualified for limited service are to be furloughed for work on camp extensions.

Officials and employees of the Coastwise Lumber and Supply company recently were arrested in New York for attempting to defraud the government out of many thousands of dollars by not delivering lumber for which the government had paid.

Federal court decrees dismissing injunction proceedings to prevent the ousting of the wires of the Western Union Telegraph company by the Louisville and Nashville railroad from along its so-called "new lines" in Georgia were in effect sustained by the Supreme court, which refused to review the suits.

Desperately wounded in the American advances which wiped out the St. Mihiel salient, and invalided home for recovery, Barclift Tucker, a member of one of the first expeditions sent overseas, was killed at his old home several miles west of Hartselle, Ala., when he was mistaken for a burglar by Elmer Fitzgerald, his foster-father.

Washington

The Hungarians have declared a food blockade against Germany in an effort to hasten peace. All railway and boat traffic to Germany has been stopped.

A dispatch from Vienna says that German soldiers and sailors passing through Laibach have been disarmed.

The German government notified the United States that since October 1 its air forces have been under orders to make bomb attacks solely against important hostile military objects. The note protests that air raids have been carried out recently against seven German towns with loss of life among civilian population. The note is made public without comment.

The Austrian terms of surrender include: Cessation of hostilities; demobilization of her army; delivery to allies of half of the enemy artillery and equipment; evacuation of all invaded territory; use by allies of road, rail and waterways in Austria-Hungary; immediate return of all allied prisoners; surrender of stipulated number of submarines and other vessels; allied supervision of the balance of her fleet; opening of Adriatic and Danube to allies; allied occupation of Danube forts and Pola naval base; concentration of aircraft at designated points

The United States government has notified Roumania that her separate peace with the central powers will not prejudice her interests at the peace table. Secretary Lansing wrote the Roumanian charge that the United States will exert its influence toward fulfilling Roumania's just ambitions.

American troops who occupied St. Martin-Riviere during the advance south of Le Cateau recently, discovered in the belfry of the village church a formidable charge of explosives.

The crossing of the river Meuse and the capture of the town of Dun by the Americans, when its full details are known, will rank as one of the most gallant feats of the entire operations northwest of Verdun. The troops who accomplished it will be entitled to rank as heroes, for their work in militarily crossing the stream was a strategic move of unusual daring.

Montenegro looks to President Wilson to obtain for it a safe and independent future, the exiled King Nicholas said recently, in discussing the future of his country with a newspaper man. The king said that he hoped Montenegro would become a part of the new state of Jugo-Slavia.

Representative Jaennette Rankin, who ran for the United States senate in Montana, was defeated.

On the face of the returns now available the next house will line up as follows: Republicans, 269; Democrats, 194; Independent, 1; Socialist, 1.

It is apparent that the senate will be Republican, with a working majority of 2.

The French and British gogernments have issued a joint declaration assuring the people between the Taurus region and the Persian gulf of assistance in ending Turkish rule in their principalities.

Four survivors of the United States shipping board steamer Dumaru, struck by lightning in the middle of October, were taken to Honolulu on a government vessel which picked them up 200 miles from the island of Guam, after they had suffered many and terrible hardships.

European

Australia's loss in the war is 54,899 killed and 158,199 wounded.

Premier Clemenceau was recently hailed by a number of French senators as the savior and deliverer of his country. The premier thanked them, but told them that he considered it a greater honor for them to link his name with that of Marshal Foch than any other encomium they might place upon him.

The terms of the entente allies under which Germany may secure an armistice have been handed to the German delegates at French army headquarters.

Virtually all the German fleet has revolted, according to a dispatch from The Hague. The men are complete masters, says the dispatch, of Kiel, Wilhelmshaven, Helgoland, Berkum and Cuxhaven.

Twenty thousand deserters from the army are reported from Stockholm to be marching through the street of Berlin.

London hears that the entire German navy and a greater part of Schleswig are in the hands of the revolutionists.

Rioting is reported in Kiel. There were several encounters with the police in which many persons were killed and a number wounded.

Many places are being suggested in Europe to hold the peace parleys. The Hague seems to have the call thus far.

It is announced from Berlin that Poland has been proclaimed a republic.

Answering ultimatum of the Socialists, the kaiser says he cannot shoulder the responsibility of handing the empire over to foes and anarchists.

Austrian prisoners captured by Italians before the armistice took effect are now estimated at half a million men.

The Italians captured in the recent drive against the Austrians two hundred and fifty thousand horses.

The names of all enemy army corps commanders or other persons who are known to have been guilty or have encouraged cruelty toward prisoners will be included in the list of prisoners whose trial and punishment will be demanded by the allies. Persons who have acquiesced in actual cruelty by subordinates are likely to be included.

The German government has asked the United States government to see that the bombardment of German cities by aircraft be stopped.

A delirium of joy broke out in Vienna when it was announced that a peace protocol had been signed.

Germany will soon know her fate at the hands of the allies, as far as an armistice is concerned.

King Boris of Bulgaria has abdicated. He ascended the throne on October 3 of this year.

Count Tisza, former premier of Hungary, who was recently shot at his home, was literally killed in the arms of his wife and in the presence of Count Almassy. His last words were:

Since the great offensive began on the western front on July 15 last the allied armies have captured 362,355 prisoners, including 7,990 officers, as well as 6,217 cannon, 38,622 machine guns and 3,907 mine throwers.

Austria-Hungary is out of the war. Deserted by her last ally, Germany fights alone a battle which means ultimate defeat or abject surrender. After days of pleading an armistice has been granted Austria-Hungary, whose badly-defeated armies in the Italian theater are staggering homeward under the violence of the blows of the entente troops

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Feel Lame and Achy?

Colds and grip leave thousands with weak kidneys and aching backs. The kidneys have to do most of the work of fighting off any germ disease. They weaken—slow up, and you feel dull, irritable, or nervous—have headaches, dizziness, backache, sore joints and irregular kidney action. Then the kidneys need prompt help. Use Doan's Kidney Pills. Thousands praise Doan's for quick, satisfactory results.

An Alabama Case

J. D. Turner, butcher, 104 Beadle St., Huntsville, Ala., says: "I was down and out and unable to do regular work for a year and three months of the time I couldn't walk. I had pains in my back and legs and my feet and ankles swelled so I couldn't wear ordinary shoes. I could only hobble with the use of a stick and my kidneys acted frequently. I had to get up several times at night and lost much sleep. I used Doan's Kidney Pills and they cured me of this trouble."

INFLUENZA KILLS MORE THAN WAR

Wasnington, Nov. 18.—The recent epidemic of influenza in the United States caused more deaths than occurred among the American expeditionary forces from all causes from the time the first unit landed in France until hostilities ceased.

This announcement Sunday by the census bureau was based on unofficial estimates of the total casualties among the overseas forces and reports from 46 cities having a combined population of 23,000,000, which showed 82,306 deaths from influenza and pneumonia from September 9 to November 9.

Normally these cities would have had 4,000 deaths from these causes during this period, it was said, leaving approximately 78,000 as the number properly chargeable to the epidemic.

"The total casualties in the American forces, said the announcement, have recently been unofficially estimated at 100,000. On the basis of the number thus far reported, it may be assumed that the deaths from all causes, including disease and accidents are probably less than 45 per cent and may not be more than 40 per cent of the total casualties.

The total of deaths due to the influenza epidemic in this country is not known, the announcement said.

Notice of Commissioners Sale

Mrs. Sarah Hubbard Dies At Pelham

Mrs. Sarah A. Hubbard, aged 83, died at the home of her daughter, Mrs. B. Cost at Pelham last Sunday morning, after an illness of several months.

Mrs. Hubbard was born and raised in the Yellow Leaf community north of this place, and had been a resident of this county all her life. She was the widow of the late Dr. Hubbard, and resided in Columbiana for a long number of years, and was well known to many of our older citizens.

She is survived by several daughters, two sisters, Mrs. J. H. Page of this place, Mrs. Frank Day of near Sterrett; two brothers, M. B. Smith of Saginaw, and D. W. Smith, and several grand children.

Her remains were brought here Monday morning, the funeral service being conducted from the Presbyterian church by Capt. A. H. Housden, Salvation Army, of Birmingham, after which her remains were laid to rest in the city cemetery.

The Advocate extends condolence to the bereaved family.

Henry Anchors Dead.

News was received here Wednesday of the death of Henry H. Anchors, who died in Birmingham Monday afternoon of pneumonia. Henry was well known to many of our citizens in Columbiana, where he was born and raised, who will regret to hear of his death. He is survived by one brother, Clifton T. Anchors. Funeral services were conducted Wednesday morning in Birmingham.

THANKSGIVING PROCLAMATION

Washington, Nov. 18.—President Wilson, in a proclamation has designated Thursday, November 28, as Thanksgiving Day, and said this year the American people have special and moving cause to be grateful and to rejoice. Complete victory, he said, has brought not only peace, but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations.

The proclamation follows:

"It has long been oar custom to turn in the Autumn of the year in praise and thanksgiving to Almighty God for His blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has, in His good pleasure, given us peace. It hat not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right. Complete victory has brought us, not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or stained by any purpose of selfish aggression. In a righteous cause they have won Immortal glory and have nobly served their nation in serving mankind. God has, Indeed, been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us, in which our hearts take new courage and look forward with new hope to new and greater duties.

"While we render thanks for these things, let us not forget to seek the divine guidance in the performance of those duties, and divine mercy and forgiveness for all errors of act or purpose, and pray that in all that we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among the nations.

"Therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twenty-eighth day of November next, as a day thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the ruler of nations.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia, this sixteenth day of November, in the year of our Lord one thousand, nine hundred and eighteen, and of the independence of the United States of America the one hundred and forty-third

"Woodrow Wilson."

HOW THE WAR WAS FOUGHT AND WON

Germany's Monstrous Conspiracy and Its Defeat by Forces of Civilization.

WORLD DOMINATION SOUGHT

America's Entrance the Decisive Factor in the Mighty Struggle in Which Democracy Triumphed Over Irresponsible Autocratic Militarism.

By EDWARD W. PICKARD.

Autocratic militarism, imbued with an overpowering greed for world domination, started the Great War.

Democracy, inspired with decency and common sense, ended it.

"All wars are commercial" is a saying that is true of all modern wars. The greatest war of all time, just ended, was no less so than others, for though it was made by the military class of Germany, it was for the benefit of commercial Germany, for the conquest of the trade of the world.

Ever since the defeat of France in 1870 and the formation of the German empire the ruling classes of Germany had been assiduously preparing for the mighty struggle that began in 1914. Secretly at times, with brazen frankness at others, they laid their plans, built up their mighty military machine, extended their espionage system to all lands with the aid of the business houses and the diplomats. Though warned by more than one student of affairs, the world in general ignored all this or looked on it as merely boastfulness and legitimate trade competition.

Germany's plan was nothing less than an enormous conspiracy to establish what the conspirators knew as "Mittel Europa," a dominion extending from the North sea to the Persian gulf. As preliminaries, German princes were placed on thrones of middle Europe wherever possible, and financial relations were established that gave Germany virtual control over the coveted countries. Then the Hun autocracy impatiently awaited "The Day."

Excuse Was Ready-Made.

Merely an excuse was needed to precipitate the conflict, and this was afforded on June 28, 1914, by the assassination of Archduke Ferdinand of Austria and his wife in Sarajevo, Bosnia, by a Serbian. That this crime was inspired to serve as a pretext is evidenced by the fact that everything was prepared a few days in advance for putting the German military machine in motion. Austria, under orders from Berlin, made demands on Serbia to which no self-respecting nation could submit, and on July 28 declared war on its neighbor. Russia, as ally of and sponsor for Serbia, mobilized its armies at once, despite the protests of Germany, whereupon the kaiser declared war on Russia. France, being in offensive and defensive alliance with Russia, was compelled to mobilize, and the kaiser's armed forces got into action at once. The course of events so far had been foreseen by the German high command and it was in accordance with its prearranged plan, which was to crush France by a swift advance on Paris, and then to turn about and make an end of Russia's military resistance.

On August 2 German troops entered France at Cirey and began moving through Luxemburg, despite the spirited protests of the grand duchess, and Berlin asked Belgium to permit the passage of troops through that country. This was refused, the king of Belgium appealing to the powers that had guaranteed the neutrality of his kingdom.

All this time Great Britain had been striving to avert the outbreak of a general war, and Germany rested complacently on the information of her spies that the British would not enter into the conflict. But Berlin reckoned without the British spirit of fair play and faithfulness to treaties, and when the kaiser tore up the "scrap of paper" and invaded Belgium Great Britain jumped to the rescue. Her mighty fleet was mobilized and her army, pitifully small, began moving across the channel. Then events came with dazing rapidity. One after another the nations fell into line against the Germans and Austro-Hungarians, but the Teutons were ready and the others, except France, were not.

The Invasion of Belgium.

On August 5 began one of the most shameful chapters in the history of the world—the rape of Belgium. King Albert and his heroic little army resisted to their utomst, but the supposedly impregnable forts of Liege, Namur and other Belgian towns were speedily reduced by the Hun cannon and the land and its people were made captive. The atrocities committed by the Germans, officers and privates alike, will remain a blot on the name of Germany to the end of all time. The world has been so well informed concerning those brutal crimes that it is unnecessary to recapitulate them.

Having overrun all but a narrow strip of Belgium, the Hun armies began what Berlin fondly believed was to be a triumphal march to Paris. England's little regular army was thrown across their path and fought and died almost to a man, and side by side with them the French Poilus contested every foot. They were pushed back slowly but surely until the Marne was reached and crossed by the invading hosts and the capital seemed to be within the grasp of the Huns. Then came forward the first heroic figure of the war, Marshal Joffre of France. Commandeering every motor vehicle in Paris, he rushed to the front the entire force left to defend the capital and in a mighty battle along the Marne the Germans were defeated. They had spread out too much and permitted their right flank to be turned and were driven back to the northeast. Reaching lines prepared with this possibility in view they "dug in" and then began a period of trench warfare that lasted for three years, in the course of which there were no remarkable gains of territory by either side.

Under the management of Lord Kitchener Britain's millions were being enlisted and trained and transported to the battle grounds. Not only from the homeland did they come, but from Canada, Australia, New Zealand, India, South Africa and all of the far-flung possessions of the empire, with an ardor that settled for all time the question of their loyalty to that empire. Ireland alone held back to a considerable extent, hoping to gain independence and making itself the hatching ground for many a German plot. Kitchener's great work practically accomplished, he went to his death when a German submarine sank the cruiser on which he was going to Russia.

Germany's Submarine Warfare.

In the first months of the war the British fleets, aided by the Japanese, took away Germany's island colonies, and then, having almost full mastery of the seas, established a blockade of Germany designed to starve her into submission. The reply to this was quick in coming. The Germans started out their submarines at once, and began building more and bigger undersea vessels. Disregarding the recognized laws of warfare, they declared unrestricted war on all vessels of their enemies, and a murderous career that finally resulted in dragging the United States into the conflict and bringing defeat to themselves. The first notable victim of this method of warfare was the Lusitania, more than a thousand of whose passengers perished. On this and many another vessel that was sent down by the submarines were American citizens, and there was a powerful demand on our government to stop the practice or to enter the war.

For nearly two years President Wilson held back, writing numerous notes of protest to Berlin and receiving an equal number of false promises. Early in 1917 Berlin announced that submarine warfare thereafter would be unrestricted—as it had been in reality most of the time—and there was nothing left the United States but to declare a state of war with Germany. This was done on April 6 and from that fateful day the doom of Germany's great conspiracy was settled.

America's Wonderful Effort.

With amazing energy and speed America went at the tremendous task of making an army out of its civilian population. There were many mistakes and many delays, but these are almost forgotten in the contemplation of the marvelous success with which the thing was accomplished. After a long and heated debate, the selective draft system of raising an army was adopted, and young men by the hundred thousand were taken from their civilian pursuits, put in immense training camps and made into soldiers. To command them, thousands of officers were trained in other camps. In the incredibly short time of one year nearly two million fighting men, as efficient as the world has ever seen, had been transported across the Atlantic, with all the vast supplies required; and at home the industries of the land had been reorganized for the business of war. Knowing well the arduousness of the task of winning the war, the government bent every effort to it and the draft age limits were extended to include all men between the ages of eighteen and forty-six. Many thousands of those thus drafted were in training when the war came to a close.

America's arrival in France was most timely. Though the crown prince had failed miserably in his attempt to force a way to Paris by the Verdun route in 1916, the Germans never gave up their plans to take the French capital, and in the spring of 1918, with re-enforcements released from the eastern front by the collapse of Russia, they began a powerful drive in northern France. In the first stage of this they reached the Somme, and in the second they got to the Marne again, only 55 miles from Paris.

Yankees to the Rescue.

The Yankees, who were getting their final training behind the lines, had not yet seen very much action, but in this crisis their commander, General Pershing offered their immediate services to the British and French. Brigaded with the allies, they went into battle with a rush that inspired the tired Tommies and Poilus, and the advance of the Huns was checked. General Foch, France's master strategist, was made supreme commander of the allies in the west, and he at once began delivering the series of terrific strokes that ultimately forced the Germans back to their own borders. Fighting with the French, the Americans had a big part in clearing out the Marne salient; fighting with the British, they gave great help in the allied victories further north. Then the First American field army was organized, placed on the extreme west of the line and there wiped out the St. Mihiel salient and started on the operations that in less than two months put the enemy's lines of communication from Metz and threatened the capture of all his forces left in France.

"When Russia's vast man-power gets into action Germany will be crushed as under a steam roller" said everyone in 1914, and for a time this prediction bade fair to be realized. The Russians invaded East Prussia and were making fine progress there and in Poland, which was kept up, with some reverses, until early in 1915, when Von Hindenburg administered to them a succession of terrific defeats. These were not due so much to the military supremacy of the Germans as to the shameful betrayal of the Russian armies by corrupt officials who left them almost destitute of arms and supplies. From that time on Russia's main successes were won against the Austrians and were temporary. Demoralization steadily spread through the czar's dominion, fostered by German agents, and the outcome was the deposition of Nicholas and his dynasty and the establishment of a confused semblance of government by the soviets of the soldiers, workers and peasants—a condition that remains to be cleared up, though the power of the bolsheviki is rapidly waning.

Italy, Once Defeated, Triumphs.

Italy, declaring that the terms of the Triple Alliance had been violated by Austria, entered the war on the side of the allies on May 23, 1915. Turkey had gone in with Germany before the war was three months old, and Bulgaria cast her lot with the Teutons in October, 1915. The fortunes of the Italians were spectacular. They won over the Austrians for a long time and invaded the regions of Italia Irridenta along the Adriatic, threatening Trieste. Then subtle Teuton propaganda, coupled with defeatist work at home, brought disaster on them. Helped by German divisions, the Austrians made a tremendous drive and forced the Italians back to the Piave river line. There the contest stood for many months, until the middle of June, 1918, when under General Diaz, the Italians not only stopped another offensive, but turned it into a great defeat and rout which culminated in the surrender of Austria. This was hastened by the failing to pieces of the Austro-Hungarian empire, the states of which were establishing their independence, following the lead of the Czecho-Slovaks.

Turkey, with the aid of Germans, administered to Great Britain two setbacks that were rather humiliating. The first was at the Dardanelles, which the British tried to force, first with navy alone, then with land and sea forces. Both attempts were disastrous failures. The other defeat by the Turks was in Mesopotamia, where General Townshend and his army were captured at Kut-el-Amara. Both these reverses were more than compensated for by the later conquest of Mesopotamia and the Holy Land and the consequent surrender of Turkey.

As for Bulgaria, she was beaten largely by the regenerated Serbian army, which had great assistance from the French, Greeks and British. Serbia had been wholly overrun in the first few months of the war, but her spirit never died out and in the late summer of 1918 she not only regained her own, but forced Bulgaria to her knees.

Roumania kept out of the conflict for some time and then joined the allies, though they would have preferred that she remain neutral. She invaded Transylvania and at first threatened to give Austria a great deal of trouble, but Germany came to its ally's aid, Russia collapsed and Roumania was forced to give up.

Warfare in the Air.

The most picturesque side of the great conflict has been the war in the air. It was quickly seen that the airplane would play a big part in the war, and every belligerent nation soon had powerful air fleets. The machines were enlarged and improved beyond all imagining, and from mere observation planes became fighting and bombing machines of vast importance. Except for observation purposes, the lighter than air craft were utilized only by Germany. She pinned her faith to the great dirigible Zeppelins, but these on the whole proved a dismal failure. True to her savage policy, Germany waged unrestricted war from the air as on land and sea. Her Zeppelins and planes repeatedly attacked London, Paris and innumerable other unfortified cities and towns, and her airmen made a practice of bombing Red Cross hospitals.

Long before the war closed the allies had established their supremacy in the air, and equal to the best of their flyers were the gallant Americans who entered that branch of the service.

Another novelty of the war was the tank. This machine, based on an American invention and first developed by the British, came as a complete surprise to the Germans and they fled in terror from its bristling guns and its crushing weight. They tried making tanks for themselves, but never caught up with the improvements brought out by the allies.

The net results of the Great War cannot be stated yet. But they include, first and foremost, the downfall of irresponsible autocracy and militarism and the beginning of a spread of democratic rule that will embrace the world. The fallen monarchs include the kaiser, the czar of Russia, the kings of Bulgaria, Bavaria, Wuerttemberg, Saxony and Montenegro and King Constantine of Greece, and probably the emperor of Austria. The people are in the saddle and if they keep their heads and submit to intelligent leadership, they will remain there indefinitely.

ABDICATION ENDS KAISER'S DREAM

Insane Ambition Leads His People to Ruin.

POWER WRECKED; HE QUITS

Man Who Plunged the World Into War Will Go Down Into History as Most Hated Ruler World Has Ever Known.

The kaiser has abdicated and the crown prince has renounced his right to the throne of Germany.

The grandiose scheme of world conquest or downfall has ended in the complete downfall of German military might and of the rule of the Hohenzollerns.

For decades the militaristic oligarchy of Prussia, supported by philosophers, historians, teachers, preachers and men of business had directed the moral, intellectual and material resources of the empire along consistent lines toward the tremendous concentration and consummation of organized force which in 1914 the kaiser let loose upon the world.

Sought World Dominion.

He signed the order for the German mobilization. He stood sponsor for the terrorism and brigandage which, under the guise of warfare, ravished Belgium, laid waste the cities of France, depopulated and outraged Serbia and sent the Lusitania with her freight of women and children to a grave in the Atlantic.

Civilization will never forget that it was the minions of the emperor who officially shot to death Edith Cavell, the English nurse who befriended the Belgians in Brussels.

Against these his cry "I did not will the war" availed as nothing. Before the bar of humanity William was adjudged guilty of the greatest crime since the crucifixion. In him humanity saw the last of the autocrats, the final Caesar.

Assertions that he was at heart peaceful, so persistently circulated for years as to give them the stamp of German propoganda, became branded as false. He who had long proclaimed himself the prince of peace stood revealed as humanity's scourge, and against him and all that he represented rose the new world of democracy and freedom.

Claims Almighty as His Ally.

Many doubt whether William was entirely sane. He said repeatedly that he possessed a divine mandate to rule, that the Almighty was his "unconditional and avowed ally." It is not entirely clear whether such outgivings were the product of a disordered brain or were due to unbounded egotism and an effort to impress his subjects with the idea of reverent and unquestioning submission.

His speches to his armies in which he asserted he and they were "instruments of divine judgment upon Germany's enemies" were regarded by many outside of Germany as pieces of rhetoric, intended only to deceive his own people.

Few statesmen realized that the emperor in his "shining armor," maneuvering his armies and fleets, building up the German military system, cementing the central empires and Turkey, and fostering the preaching of the supremacy of autocracy, was erecting a machine that one day would make war upon all civilization.

Yet the world was warned by some far-sighted men that the emperor would one day bring catastrophe upon the nations. These men saw in him then and see him now as a mad inventor, given in his youth the most dangerous of all toys—his army and navy.

They were his playthings. He developed them throughout the years to the point where he had to put them to a test. Like a crazed inventor, he feared the end of his reign would find his inventions untried, so grasped the first opportunity to wage a world war.

Meantime the German war party grew, with William at its head, and the scheme of world dominion awaited the hour to begin its attainment. It came with the assassination of the Austrian Archduke Francis Ferdinand and his wife at Sarajevo.

Recalled from a yachting trip, William presided at a conference at Potsdam of representatives of the German and Austrian armies, navies and commercial interests. There, according to the best information obtainable, the decision was reached to make the assassination of the archduke a pretense for the world war for which Germany had long prepared.

In the diplomatic exchanges between Germany and Austria on one side and Great Britain, France and Russia on the other William posed as one wishing for peace but driven to war.

He signed the order for the mobilization of the German army, and from that moment war was inevitable.

Publication of the "Willy-Nicky" correspondence in 1917 placed the German emperor in the light of an unscrupulous plotter. The telegrams disclosed that Emperor William had induced Emperor Nicholas of Russia to sign a secret agreement to which he was to force the adherence of France in the perfection of an offensive and defensive alliance against England. The treaty was discovered and repudiated by a Russian minister.

Failing in his attempt, the German emperor set upon himself the task of drawing England to his side against France and Russia.

How well he thought he had succeeded in this may be gathered from a letter he wrote to President Wilson in 1914 in which he said King George had promised Prince Henry of Prussia, on July 29, 1914, that England would remain neutral in a war involving the central powers with France and Russia.

Lichnowsky Shows Up Intrigue.

Perhaps the most direct and authoritative of the accusations against the German emperor and the pan-Germans are contained in the published secret memorandum of Prince Charles Max Lichnowsky, who was German ambassador at London at the outbreak of hostilities.

The prince unequivocally placed the blame for the war on Germany, and for his frankness was imprisoned in a Silesian chateau, permanently expelled from the Prussian house of lords, which action was sanctioned by the emperor, and finally was exiled to Switzerland.

Emperor William's domination over German statesmen, diplomats and the high command of the German army was emphasized by Dr. Wilhelm Muehlon, a former director of the Krupp works, the great German munitions factory, in his book on "The Devastation of Europe." In this he not only laid blame upon Germany for bad faith and criticized the German army for its brutality but asserted that in the German foreign office "only he who did the emperor's bidding was allowed to remain." "They could not do better," he declared, "because of the character, the power, the vascillation of and continued interference by the kaiser."

It was Doctor Muehlon who asserted the authenticity of the statement that Emperor William stated at a meeting of German army officers that he had plenty of prisoners and that he hoped the officers would see that no more prisoners were taken.

Maximilian Harden, a German liberal leader, declared the German ruler brought on the war because of his desire "for something like world rule."

"No Nonsense From Us."

The emperor, despite his previous expressions of good will for America, gave vent to his anger against the United States when it became evident no official action would be taken to stop the shipment of munitions and supplies to the entente allies by declaring to the American ambassador, James W. Gerard, "I shall stand no nonsense from America after the war."

William's designs to spread German dominion in Asia found expression in his famous visits to Constantinople when he was proclaimed as protector of the Moslems. In this the world saw a cunning step toward achievement of the German ambition of German dominion from Berlin to Bagdad.

Friedrich Wilhelm Victor Albert was born January 27, 1859, and became Emperor William II on the death of his father, Frederick III, June 15, 1888. He came out of the University of Bonn fully prepared to enter the school of statecraft. Set to work in the government bureaus, he was early taught the routine of official business under the tutelage of the great Bismarck.

At the death of his father, the imperial throne devolved upon William II, who was then but twenty-nine years of age. Bismarck continued as chancellor, but not for long.

In 1890 the disagreement of the two men reached a crisis, a rupture came and Bismarck went. The relations between the two men remained strained for several years, but before Bismarck died peace was made between them.

Stickler for Military Etiquette.

With the passing of Bismarck the emperor's real reign began. As a military man he was a stickler for efficiency, discipline and the observance of etiquette to the last detail. And with the details of all these components of army life and training he was familiar to the smallest point.

In everything he was described as thorough and, withal, one of the hardest workers in the empire.

Physically unimpressive—he was short and inclined to stoutness—William was fond of being photographed while striking a military posture, though taking good care to veil the deformity of his left arm, a disfigurement with which he was born and of which he was extremely sensitive. He blamed his English mother for living a life of self-indulgence and cursed her repeatedly as being responsible for his deformity.

PREMIER HUGHES IS BITTER

Says in No Uncertain Manner That Proposed Peace Terms Are Not Acceptable to Australia.

Premier Hughes of Australia made a bitter protest against the peace terms in addressing the Australian club at London.

"We were launched into this war without being consulted," the premier declared, "and now the terms of a victorious peace have been drawn up and we have not been asked to express our views beforehand."

"I cannot of course, say what the other dominions will do, but nothing could be further from the thoughts of the Australian people than to extend the same treatment to Germany in regard to tariffs and economic arrangements after the war as France, Belgium, Italy and America, and nothing but force majeure will compel us to do it," he continued.

The Australian premier's speech was loudly cheered.

HUN ARMY AND NAVY IS SHORN OF FORCE

TERMS OF ARMISTICE WITH GERMANY READ TO CONGRESS BY THE PRESIDENT.

GERMANY MADE POWERLESS

Strictly Military Terms Embraced in Eleven Specifications—Navy Must Surrender Much Material, Ships, Submarines, Guns and Ammunition.

Washington.—The terms of the armistice with Germany were read to congress by President Wilson. Assembled in the hall of the house, where 19 months ago senators and representatives heard the president ask for the declaration of war, they heard him speak the words which herald the coming of peace.

Military Terms.

The strictly military terms of the armistice are embraced in eleven specifications, which include the evacuation of all invaded territories, the withdrawal of the German troops from the left bank of the Rhine and the surrender of all supplies of war.

The terms also provide for the abandonment by Germany of the treaties of Bucharest and Brest-Litovsk.

All allied vessels in German hands are to be surrendered, and Germany is to notify neutrals that they are free to trade at once on the seas with the allied countries.

The Naval Terms.

The naval terms provide for the surrender of 160 submarines, 50 destroyers, six battle cruisers, ten battleships, eight light cruisers and other miscellaneous ships.

Beside the surrender of 160 submarines, it is required that all others shall have their crews paid off, put out of commission and placed under the supervision of the allied and American naval forces.

Among the financial terms included are restitution for damage done by the German armies; restitution of the cash taken from the National Bank of Belgium and return of gold taken from Russia and Rumania.

The military terms include the surrender of 5,000 guns, half field and half light artillery, 30,000 machine guns, 3,000 flame throwers and 2,000 airplanes.

The surrender of 5,000 locomotives, 50,000 wagons, 10,000 motor lorries, the railways of Alsace-Lorraine for use by the allies and stores of coal and iron also are included.

The immediate repatriation of all allied and American prisoners without reciprocal action of the allies also is included.

In connection with the abandoning of the left bank of the Rhine, it is provided that the allies shall hold the crossings of the river at Coblentz, Cologne, Mayence, together with bridgeheads and a thirty-kilometer radius.

The right bank of the Rhine, and that occupied by the allies, is to become a neutral zone, and the bank held by the Germans is to be evacuated in 19 days. The armistice is for thirty days, but the president spoke of the war as "coming to an end."

German troops are to retire at once from any territory held by Russia, Rumania and Turkey before the war.

The allied forces are to have access to the evacuated territory, either through Dantzing or by the river Vistula. The unconditional capitulation of all German forces in East Africa within one month is provided.

German troops which have not left the invaded territories, which specifically includes Alsace-Lorraine, within 14 days become prisoners of war.

The repatriation within 14 days of the thousands of unfortunate civilians deported from France and Belgium also is required.

Freedom of access to the Baltic, with power to occupy German forts in Kattegat, is another provision. The Germans also must reveal mines, poisoned wells and like agencies of destruction, and the allied blockade is to remain unchanged during the period of armistice.

All ports on the Black sea occupied by Germans are to be surrendered, and the Russian war vessels recently taken by the German naval forces also are to be surrendered to the allies.

The president made it plain that the nations which have overthrown the military masters of Germany will now attempt to guide the German people safely into the family of nations of democracy.

These are the main points of the terms, as the president read them to congress. Germany's acceptance of them, he said, signalized the end of the war, because it made her powerless to renew it.

GERMANS BEG FOR PEACE

President Wilson Is Asked To Take Action—Pressing Danger of Famine Reported By Solf.

Berlin (via London).—Immediate negotiations with a view to a "preliminary peace," in order to avert a famine in Germany, are asked for by the German government in an appeal sent to President Wilson.

The note is signed by Dr. W. S. Solf, as foreign minister, and is addressed to Secretary of State Lansing. It reads as follows:

"An armistice having now been concluded, the German government requests the president of the United States to arrange an opening of peace negotiations.

"For the purpose of their acceleration, the German government proposes that, first of all, the conclusion of a preliminary peace be taken into consideration, and it asks for a communication as to where and at what time the negotiations might begin.

"As there is pressing danger of famine, the German government is particularly anxious that negotiations be begun immediately.—SOLF."

FRENCH CAPITAL AGAIN GAY.

Celebrated Quarter Came To Life After Four Years of Quiet.

Paris.—When the victory news arrived the celebrated quarter of Paris came to life with a bang after four years of quiet. Students paraded, shouting, singing and waving flags. The roof of the bourse almost lifted when the brokers boomed "The Marsellaise." Every taxi and other available vehicle was covered with the flags of the allied nations and cruised the streets, packed with merry-makers.

Had to Give Up Work

Mr. McMurray Was In a Bad Way Until He Used Doan's—They Brought a Quick Cure.

P. K. McMurray, 48 W. Hickory St., Chicago Heights, Ill., says: "I was always a strong man until I was taken with kidney trouble. I worked many years as a blacksmith and this work brought the trouble on. When I stooped over there was a grinding pain in my back and I couldn't straighten up for four or five minutes. Sometimes it took me half an hour to put on my shoes. I got so bad, I had to lay off work for days at a time. Often I would have to get up a dozen times at night to pass the kidney secretions, and they burned like fire. My feet swelled, and at times they burned so that it seemed I was standing on a hot stove. I had spells of gasping for breath and dizzy spells, too, and my health failed rapidly. I was told that my working days were over, but *Doan's Kidney Pills* were brought to by attention and before I had used one box, I began to feel relieved. I kept on and by the time I had used ten boxes, I was absolutely cured. All pains left my back and other symptoms of kidney trouble disappeared and I felt as well and strong as ever."

HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS.

Avoid crowds, coughs and cowards, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Irontic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared." —Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptons as heat flashes, nervousnsss, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

SOME GOOD IN HON. BOGGER

Old Codger Explains Why Politician Does Not Seem as Useless as Once Appeared to Be.

"For a long time my pet detestation was the Hon. Bascom Bogger," confessed the Old Codger. "He is a born honorable, who was twice elected to trifling offices, which encouraged him so that he never ceased being a candidate. To the casual observer about all he ever does is to strut and utter ponderous piffle. Wherever you go you are fairly certain to encounter him braying his bombastic bunkum. As a matter of fact, he is a horse doctor on the side, and as horses are easily fooled he enjoys a tolerably fair practice.

"But the other day I discovered him in a new role. Death visited a rickety shack down by the brickyard, and because the poor family had no friends the Hon. Bascom Bogger butted in and bossed the obsequies. He rustled up pallbearers, bullied several people into putting their vehicles in the procession, started the hymns and sang them through in his burly voice, and managed the affair so successfully that the miserable family felt quite proud of themselves and the function. I found out that he made a practice of attending the funerals of poor people and infusing as much life and pep into them as is possible to get into such events. So, somehow, since I made the discovery the Hon. Bascom Bogger hasn't seemed quite so tiresome to me as formerly."—Kansas City Star.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

HURRY, MOTHER! REMOVE POISONS FROM LITTLE STOMACH, LIVER, BOWELS.

GIVE "CALIFORNIA SYRUP OF FIGS" IF CROSS, BILIOUS OR FEVERISH.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Adv.

COULDN'T SLEEP APPETITE GONE

Nervous and Restless, and Kept Getting Worse, Says Arkansas Lady. Cardui Brought Relief.

Marmaduke, Ark.—Mrs. Mary E. Hill, near this place, writes: "I was in a very wretched state of health. I would be in bed two or three weeks at a time...and would have fainting spells. I was so weak and, Oh! how my back hurt me. I was so nervous and restless I couldn't sleep—didn't have any appetite and kept getting worse. Every one was so uneasy about me.

I cannot exactly describe two awful spells I had...I had a shortness of breath and would smother at night. I couldn't move or cry out. I felt like I would die. My limbs would get numb and feel very uncomfortable. We used many medicines, and I didn't get better.

I had read of Cardui in the Birthday Almanac and had often heard that it was a good medicine. I began to take it according to directions and began to improve. I soon was strong and able to do my work. I cannot praise Cardui enough. I have every reason to believe that it saved my life."

Tested and proven in every way by many women, over a period of more than 40 years, Cardui has attained its present high standing and popularity because of the satisfactory results secured from its use.

If you are weak and run-down, and need a good, reliable, tonic medicine, try Cardui. All druggists.—Adv.

Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

They Don't Feel Friendly.

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the inconvenience and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in odorless, tasteless capsules. These are easier and more pleasant to take than the oil in bottles.

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall stones, gravel, "brick dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs.

GOLD MEDAL Haarlem Oil Capsules cleanse the kidneys and purify the blood. They frequently ward off attacks of the dangerous and fatal diseases of the kidneys. They have a beneficial effect, and often completely cure the diseases of the bodily organs, allied with the bladder and kidneys.

If you are troubled with soreness across the loins or with "simple" aches and pains in the back take warning, it may be the preliminary indications of some dreadful malady which can be warded off or cured if taken in time.

Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. GOLD MEDAL are the pure, original imported Haarlem Oil Capsules. Accept No Substitutes.—Adv.

Acid-Stomach Victims Sickly, Weak, Unfit, Depressed

Maybe you have an acid-stomach—and don't know it! There are millions of such people—weak, ailing, tired, worn out and "all in" before the day is half gone—listless and indifferent to their surroundings—often with aches and pains all over the body—woefully lacking in physical power and mental vigor—pale, emaciated—just dragging out a weary existence. Nine out of every ten of these people are unconscious victims of acid-stomach.

Thousands upon thousands of people who are subject to attacks of indigestion and biliousness; who are nervous, melancholy, mentally depressed; who suffer from rheumatism, lumbago or sciatica—yes, even many of those who have catarrh, ulcer or cancer of the stomach—if the trouble is traced to its source, it will often be found to be just acid-stomach. For these are only some of the ailments that are caused by what the doctors call superacidity, which is another name for sour or acid-stomach.

What you want to know above all else is how to quickly rid yourself of excess acid. A wonderful modern remedy called EATONIC literally wipes it out. It does the work easily, speedily and naturally. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of good you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health. You eat to LIVE. Your life depends on the strength you get from your food. There is no other way.

EATONIC is in pleasant-tasting tablet form—just like a bit of candy. We urge you—no matter what you have tried—take Eatonic just one week and find out for yourself how wonderfully improved you will feel. See how quickly EATONIC banishes the immediate effects of acid-stomach — bloat, heartburn, belching, food-repeating, sour, gassy stomach, indigestion, etc. See too, how quickly your general health improves—how much more you relish your food—how much more easily it is digested—how soundly you sleep—how nervousness and irritability disappear. And all simply because by taking EATONIC you have rid your stomach of a lot of excess acid that has been holding you back and making your life miserable.

EATONIC is absolutely harmless. It can be taken by the most delicate. Tens of thousands of people who have used it are enthusiastic in its praise.

EATONIC is absolutely guaranteed, so get a big 50c box from your druggist. If it does not help you your money will be refunded. If your druggist does not keep EATONIC, send your name and address to the Eatonic Remedy Company, 1018 S. Wabash Ave., Chicago, Ill., and they will at once mail you a 50c box and you can send them the money for it after you receive it.

SCHOOL IMPROVEMENT ASSOCIATION

A rogular meeting of the School Improvement Association was held at the Public School Tuesday, November 12, with sixteen members present.

After roll call it was decided to change the name of the Association to Parent Teacher Association.

Our President, Mrs. Ed Bird, then gave us a most inspiring talk on the relation between parent, teacher and child, which in part follows:

"In a year there 8660 hours; of this 7610 are spent in home, 1000 hours in school and 50 hours in Sunday School, which shows the importance of more careful training in the home. A Great deal of stress is now laid in good building, thoroughly trained teachers, good equipment, sanitary and attractive surroundings, supervised play grounds, etc.; all of these are good and very good, but towering far above them all is the need of an awakening on the part of the parents of our land to the fact that the child is a God given Treasure, whose care in the supreme business of their lives."

The report of the program committee, composed of Miss Mary Peters, Mrs. H. K. MacKnight and Mrs. P. O. Luck was given by Mrs. MacKnight. They were then asked to select a course of study for the year.

An entertainment committee, composed of Mesdames Nelson, White, Mason and Miss Hodges were appointed by the President.

The next meeting will be held at the High School Auditorium on December 10. Please everybody come.

FINAL REPORT OF GRAND JURY

To the Honorable Robert I. Jones, Judge presiding:

We, the grand jury empanneled by your Honor on the 18th inst. beg leave to herewith submit our final report:

We have found and herewith return 17 indictments.

We have examined the county poor house and find twelve inmates who are apparently well cared for. There are some minor improvements that should be made on the buildings, and we respectfully call the attention of the Board of Revenue to the same.

We have examined the county jail and find the same well kept and the prisoners properly cared for.

We have examined the books and accounts ef the various county officers, as directed by your Honor, and they are apparently correct, so far as we are able to ascertain.

We are continuing for future attention several cases on the docket, deeming it best not to take action on them at this time.

We desire to thank your Honor for your able instructions and the other court officials for discharging their duties, and the various county officers for the courtesies shown us.

Feeling that this grand jury has investigated about all important offenses in said county, and that further deliberations on our part wound be unnecessary, and not conductive of any special good, we respectfully ask your Honor to discharge us.

DOUGLAS W. KIDD,
Foreman.

COUNTY TEACHERS' INSTITUTE NOTES

The Shelby County Teachers' Institute convened in the Auditorium of the County High School, at Columbiana, at ten o'clock Wednesday morning, November 20th.

The work of the Institute is made up of three departments. Miss Bloodworth conducted the work of the primary department, Mr. Chas. R. West conducted the work of the intermediate department. and Prof. T. C. Moore conducted the work of the high school department.

A great many teachers have expressed the opinion that it was one of the best institutes ever held in the county. One hundred and twenty-three teachers were enrolled. Supt. Williamson spoke words of welcome at the opening, then followed preliminary explanations and enrollment. Many inspiring and instructive addresses were made by the conductors.

During one evening of the institute the "Aeolian Trio" gave a recital for the benefit of the Red Cross.

Among the visitors of the week came Supt. Spright Dowell, who delivered an able and prophetic address as to education and educational demands following the war. Supt. Dowell is accomplishing great things as State Superintendent of Education to the delight of all his Shelby county friends.

State Director of Institutes, R. E. Tidwell, was present for a day. He made several talks and addresses that carry much help and instruction to the teachers. Lieut W. C. Blasingame, representing the U. S. and the Alabama departments of health presented, in a splendid way, the need for better health conditions, especially, as to conditions revealed by the draft boards. Large appropriations will be made by the federal government for carrying out of the health campaign.

Mr. Herron spoke to the teachers in the interest of the club work in Alabama. Plans for the club work for the current year were announced.

Miss Sarah Luther made a splendid address regarding illiteracy in Alabama and particularly in Shelby county. In the September draft there were 663 men who could not write their names. This was one-fourth of the men drafted at that time. After the address about 75 teachers volunteered to teach people to read and write.

A teachers' association and reading circle were organized. It was voted to have the first meeting of the county teachers on the first Saturday in January. A suitable program will be published soon.

The institute was a saccess from every standpoint.

Gin Notice!

I will gin on Monday and Tuesday next, December 2 and 3, which will wind up the 1918 ginning season with me. Don't fail to bring in your cotton on above dates.

WANTS TO DISCONTINUE SERVICE

A petition has been filed by the L. & N. Railroad Company, W. G. McAdoo director general of railroads, by T. E. Brooks supe rintendent, with the Alabama Public Service Commission in Montgomery, to discontinue service between Columbiana and Shelby on the L. & N. branch line.

The petition has been set for hearing by the Commission in Montgomery next Monday, December 2.

The petition states that the line is operated at a loss of about $267.49 monthly, for six months ending June 30. Also says the revenue for that period was $6,657.03, average of $1,-109.50 monthly, and the operating cost for the same period was $1,376.99 a month.

The petition also states that the same service is maintained by the Southern Railway.

This is a mistaken idea, the Southern Railway does not maintain similar service, never did and never will. The L. & N. brach from from here to Shelby is the only way the people in this section can reach Montgomery, Birmingham and other points and return home the same day.

A delegation of our citizens are going to Montgomery next Monday to fight the discontinuance of this service.

The citizens of Columbiana need this train and must have it.

In Memory.

On Thursday, Nov. 14th, John Robert Moore, better known as Bob, was sawing at a mill near Apbly on the A. B. & A. railroad, when he happened to the sad accident of getting his left leg cut entirely off abut four inches from the hip and again about the ankle. He lived about 45 minutes after the accident.

Mr. Moore is survived by his wife and four children, three girls and one boy, his father and mother, three brothers and one sister.

They were all present to witness the last sad rites to the deceased loved one, except his youngest brother, Charles V. Moore, who is now in France,

Mr. Moore was well known and respected by all who knew him. He was an ideal son and brother. He grew to noble manhood and at the age of 26 married Miss Luella Goodwin, who made for him an ideal wife, and he was always a kind, loving and thoughtful companion and father. He was spoken of by all who knew him as being such a good man, and so good to his wife and chiidren. What more need be said. To us it seems so sad that such a bright life be taken, but God knows best. He doeth all things well. He took this husband and father away, but he has promised to be a husband to the widow and a father to the fatherless. Therefore we know that he will comfort the heart-broken wife in this her deepest grief; and care for the little fatherless children.

May God bless and comfort all who are left to mourn his death. He was born Jan. 6th, 1883, and was called to the great beyond on Nov, 14th. 1918. His remains were laid to rest in the Beulah cemetery at Sterrett on Saturday, Nov. 16th. A host of friends attended the funeral.

God grant that we all may rest as calmly.

One Who Lived Him.

CONSOLIDATE THE TWO WIRE SYSTEMS

BURLESON ISSUES DIRECTIONS FOR MERGING POSTAL AND WESTERN UNION.

ORDER EFFECTIVE DEC. 1ST

Order Also Issued Making Effective Government Possession and Control of Marine Cable Systems of the United States.

Washington.—Consolidation of the services of the Western Union and Postal telegraph companies, under government control, was announced by Postmaster General Burleson, effective Dec. 1 next. The following order was issued:

"In order that the telegraph facilities may be used to the fullest extent and the transmission of messages expedited the telegraph systems shall hereafter be operated as one, effective Dec. 1, 1918. All telegraph offices shall accept for transmission all classes of messages now accepted by any one of them at the prescribed tariff rates."

An order making effective government possession and control of marine cable systems of the United States, proclaimed by President Wilson under date of Nov. 2, was issued by Postmaster General Burleson. It directs that until further notice cable companies shall continue operation through regular channels and asks the cooperation of officers and employes of the companies and of the public.

A HEAVIER TOLL THAN WAR

Reports From Forty-Six Cities Show 82,306 Deaths Were Caused By Epidemic.

Washington.—The recent epidemic of influenza in the United States caused more deaths than occurred among the American expeditionary forces from all causes from the time the first unit landed in France until hostilities ceased.

This announcement, made by the census bureau, is based on unofficial estimates of the total casualties among the overseas forces and reports from forty-six cities having a combined population of 23,000,000, which show 82,306 deaths from influenza and pneumonia from Sept. 9, to Nov. 9.

Normally, these cities would have had 4,000 deaths from these causes during this period, it was said, leaving approximately 78,000 as the number properly charged to the epidemic.

"This total casualties in the American expeditionary forces," says the announcement, "have recently been unofficially estimated at 100,000. On the basis of the number thus far reported, it may be assumed that the deaths from all causes, including disease and accidents, are probably less than 45 per cent and may not be more than 40 per cent of the total casualties. On this assumption the loss of life in the American expeditionary forces to date is about 40,000 or 45,000.

RETURN BOYS FROM FRANCE

Arrangements Are Being Worked Out Rapidly From Shipping Point of View, Says Shipping Board.

Washington. — Arrangements for bringing home the troops in France are being worked out rapidly from a shipping point of view, the shipping board announced in issuing a call for 5,000 volunteers to man the ships that will be used for that purpose.

Chairman Hurley, before his departure for Europe, left definite orders to rush all arrangements for this work.

Men between 18 and 35 will be accepted under the call issued without regard for their draft rating or previous experience, and will be put on board training ships at Boston, San Francisco, Seattle, New Orleans and Cleveland for six weeks' special training.

JOSEPH F. SMITH DEAD.

President Mormon Church Succumbs To Paralytic Stroke.

Salt Lake City, Utah.—Joseph F. Smith, president of the Church of Latter Day Saints (Mormon) died at his home here after a long illness. Death was due, indirectly, to a paralytic stroke suffered last April. Notwithstanding his illness, President Smith attended the recent semi-annual conference of the church and spoke strongly against polygamous marriages which, it was rumored, had surreptitiously been performed during the last few years.

British Mine Sweeper Torpedoed.

London.—A British admiralty statement says the British mine sweeper Ascot was torpedoed and sunk by a German submarine Nov. 10, off the northeast coast of England. Fifty-three members of the crew were drowned.

Invited To Paris.

Paris.—President Poincare, adding birthday greetings to King Albert, invited the Belgian monarch and Queen Elizabeth to visit Paris. Albert, in a message of thanks, accepted the invitation.

DISCARDS ALL CONVENTIONS

People In Paris Delirously Happy Over the Deliverance of Their Beloved Alsace-Lorraine.

Paris.—The Alsace-Lorraine celebration in Paris was the most imposing the city has seen in many years. There was a slight interval for dinner, after which the people again turned out, crowding the streets, especially the grand boulevards, all of which were brilliantly lighted as in the prewar days.

Long after midnight the air was filled with the roar of voices lifted in laughter and song. The people were delirously happy without being rowdy. They linked hands and danced around groups of isolated soldiers, Americans being notably the center of the worshiping throngs.

Conventions disappeared and the young and old kissed and were kissed.

The French people so far acquainted with typical English songs, such as "Tipperary," are now picking up Yank tunes like "Over There" and "Dixie," and also Sousa's march. The Americans are perfectly well acquainted with the poilu's "Madelon," to which many English parodies have been attached.

Liberation Day was celebrated all over the country and masses were said in the churches in commemoration of the occasion.

At the great cathedral of Notre Dame a thanksgiving mass was chanted and the service was attended by representatives of the nations fighting side by side with France.

Afterward, headed by Overseas Commissioner Edward L. Hearn, as representative of the Knights of Columbus, they marched to the Arc de Triomphe.

GRAND ALLIED REVIEW.

President Wilson and Allied Executives To Watch Paris Celebration.

Paris.—When allied troops march under the Arch of Triumph at the close of the war allied sovereigns and chif magistrates will be present, says the Matin. It is understood the kings of England, Italy, Belgium and Servia, Prince Alexander of Greece, President Wilson, a Japanese royal prince, representing the mikado, and official representatives of China, Portugal, Roumania and the South American republics will be present. It is said that each ally will be represented by a crack regiment which has fought in the most notable battles of the war.

PERSHING HAS THIRD ARMY.

New Organization Has Been Designated As "Army of Occupation."

Paris.—The American third army has been designated as "the army of occupation." It will be under the immediate direction of Gen. Pershing, the commander-in-chief, who will be in command of the American positions in occupied territory.

The third army will consist of the 1st, 2d, 4th, 5th, 26th, 32d, 42d, 89th and 90th divisions, which, divided among the third and fourth corps, will consist for the present of about a quarter of a million men. It will be commanded by Maj.-Gen. Dickman.

WITNESSES HUSBAND'S DEATH.

United States Mail Aviator Is Killed In Fall.

New York.—With his young wife looking on, Allan Adams, United States mail aviator operating between Belmont park and Washington, was killed here as a result of a fall of several hundred feet near the Central Park aviation field. Adams was a native of Arizona, and has had a varied experience in flying. He was 28 years old.

TELEGRAPHERS GET INCREASE.

Wages Advanced Thirteen Cents An Hour By Director General.

Washington.—Railroad telegraphers' wages were advanced by order of Director General McAdoo 13 cents an hour above the rate prevailing last Jan. 1, with a minimum of 48 cents an hour, retroactive to Oct. 1. Eight hours hereafter is to be considered a day's work and overtime will be paid at the rate of time and a half.

1,580,000 HUNS KILLED.

Berlin Vorwaerts Says 490,000 Germans Are Held Allied Prisoners.

Copenhagen.—Up to Oct. 31, 1,580,000 German soldiers were killed and the fate of 260,000 was not known, the Vorwaerts of Berlin says it learns on reliable authority. Four million soldiers had been wounded, some several times. The newspaper adds that there were 490,000 German prisoners in hostile countries.

NUGENT IS ELECTED.

Gooding, Opponent of Idaho Democrat, Concedes Defeat.

Boise, Idaho—Frank R. Gooding personally conceded the re-election of Senator John F. Nugent, Democrat, on the face of partial returns from county official counts, which give Nugent a lead of 967.

Crew of 330 Men Went Down.

Berne.—The German warship Wiesbaden refused to surrender to the revolutionists and tried to escape to neutral waters. It was pursued and torpedoed by revolutionary battleships and the entire crew of 330 men, including many cadets, perished, according to the Lokal Anzeiger of Berlin.

The Wiesbaden was supposed to have been sunk during the Jutland battle, May 31-June 1, 1916. She was a light cruiser of 4,900 tons and was built in 1914.

STATE GIVES WAR FUND $1,347,380

ALABAMA SUBSCRIBES 75 PER CENT ABOVE QUOTA DURING CAMPAIGN.

NAMES LEFT OFF OF TICKET

Governor Rectifies Mistake By Appointing Nominees Whose Names Should Have Been Thereon.

Birmingham. — Alabama's performance in raising 75 per cent above this State's quota for the United War Work Campaign appears all the more remarkable since the final figures came in from the wealthy and populous East and the oppulent West. Alabama originally was asked for $767,250. Later when it became evident that $170,500,000 would not be sufficient for the needs of the Seven War Camp Agencies united for this campaign, a 50 per cent oversubscription was asked. To this appeal Alabama responded with $1,347,380.

* * *

Birmingham.—A protest has been made by the Alabama Farmers' Union with C. J. Pogue, Birmingham, handling the correspondence, against a continuation of the shipping situation, in the hands of the British shipping commissioners, and asking for a return to the plans that were in vogue before the war. It is set forth thaht the people of the South, interested in cotton, can be saved at least $1,000,000. Telegrams have been sent to Secretary W. G. McAdoo, to the various cotton exchanges of the country and elsewhere, asking for immediate relief on the situation.

* * *

Montgomery.—By some inadvertence in the printing, the names of the Democratic nominees for Commissioners of Perry County were left off the ticket at the general election, November 5. That would have left the county without two commissioners had not Governor Henderson taken cognizance of the unusual situation and appointed the nominees whose names should have been on the ticket. He appointed C. H. Moore, of Marion, as Commissioner for District No. 2, and L. R. Monts, of Marion, as Commissioner for District No. 4.

* * *

Mobile.—Further honors for Paul Baer, Mobile aviator, are announced by the War Department in a list of citations for bravery in fighting overseas. He will be awarded a bronze oak leaf to be worn on the distinguished service cross awarded him April 12, 1918. The aviator is now in a German prison camp.

* * *

Anniston.—Sheriff A. H. Borders is using every effort to apprehend William Warren, Fred Beatty and Walter Sims, the three white men who escaped from the county jail. Warren and Beatty were Federal prisoners and had only a short time to serve at the time of their escape.

* * *

Selma.—Albert Meyer has been chosen as a member of the Executive Committee of the Jewish War Relief Board for Alabama.

* * *

Selma.—Information was received here by telegram from the War Department of the death of Corp. Albert G. Hudson, who was killed in action October 21. He volunteered for service soon after America entered the war.

* * *

Birmingham.—Alabama Shriners are planning to make November 30 their W. S. S. day and plans are already under way to make the day a success and materially swell Alabama's contribution to its quota.

* * *

Mobile.—Captain Lamar Y. McLeod, of the 325th Regiment, was killed in action in France on October 11. William T. McLeod, a well known attorney and a brother, received the news.

* * *

Washington.—President Wilson sent to the Senate the following nominations of Alabama postmasters: Lillie C. Hays, Abbeville; Marcus M. Russell, Attalla; Grover Grace, Dora.

* * *

Montgomery. — Important recommendations were adopted and Dr. Thomas M. Owen was re-elected Director of the State Department of Archives and History for a new term of six years at the annual meeting of the board of trustees of the department in the Governor's office. Dr. Owen has served eighteen years as Director and will enter upon his fourth term. The trustees passed a resolution of esteem for the faithful and remarkably successful conduct of the business of the department in the hands of Dr. Owen.

* * *

Montgomery.—Governor Henderson granted a parole to Bill Jackson, negro, convicted in Chambers on September 14, 1906, and given a life sentence for murder. The negro killed a negro woman. The evidence shows he was drunk at the time of the murder. The Governor also remitted a $50 fine imposed against R. M. Turner, imposed in Jefferson County for a violation of the prohibition law. Turner must pay $245, costs of court. A parole was granted to John L. Collins, of Montgomery County.

Mobile.—Ginners from the Alabama River section are asking the State Food Administration for relief, claiming that the oil mills will accept seed from the railroads in carlot shipments but refuse boat shipments on the ground that they cannot afford to handle it at the price they have to pay. Great quantities of cotton seed are said to be all along the river spoiling because ginners cannot dispose of it to the oil mills. In accordance with the food administration ruling, the ginner must pay the farmer $68 a ton, while the oil mills pay the ginner $71 a ton. The ginner claims the $3 margin is insufficient to allow for transportation charges.

* * *

Birmingham.—Hopes of an early consideration in the development of the Warrior River are again aroused through a letter received by Arthur C. Crowder, President of the Chamber of Commerce, from Director General W. G. McAdoo, of the United States Railroad Administration, announcing that as soon as the public business would permit he would come to the district for a personal inspection of the river.

* * *

Montgomery.—Ed B. Joseph, one of Montgomery's leading citizens, died after a protracted illness. He was 40 years old, was one of the first City Commissioners of Montgomery, had been president of the Montgomery Baseball Association, and for a number of years was captain of the Montgomery Greys.

* * *

Albany.—While practically the entire population of Albany and Decatur thronged the streets in celebration of the signing of the armistice recently, the germs of Spanish influenza worked overtime. In consequence, the malady has again made its appearance in the Twin Cities, thirty new cases having been reported with one death.

* * *

Montgomery.—State Superintendent of Education Dowell has written County Superintendents of Education advising them that work on all school buildings, which had been discontinued on account of the war, may now be resumed. New buildings may be begun, provided the total expenditure does not exceed $25,000. His letter is based on advices received from the State Council of Defense.

* * *

Anniston.—A United States Railway ticket office will be established at Camp McClellan immediately for the accommodation of the soldiers who are soon to be discharged from the military service.

* * *

Mobile.—J. G. Bowen, defeated candidate for sheriff, filed a contest in the Circuit Court of Mobile seeking to prevent W. H. Holcombe, Jr., who has been elected to the office from taking his seat. Bowen's principal contention is that Mr. Holcombe spent $1,120 in excess of the amount allowed by law of candidates for this office, and that Mr. Holcombe failed to file in the Probate Court the names of persons who contributed to his campaign.

* * *

Birmingham.—The "kangaroo" court in the Jefferson County jail has been abolished, said Sheriff T. J. Batson, in reference to the report of the State Prison Commission to Governor Henderson regarding alleged improper conditions at the jail.

* * *

Mobile.—Sergeant Edward H. Wolcott, of Mobile, 167th Infantry, Rainbow Division, was killed in the fighting around Sedan. Relatives here were notified.

* * *

Sheffield.—The Muscle Shoals district may be facing a new outbreak of influenza. Physicians state that there are almost a hundred cases in the district at the present time, including both nitrate plants. Doctors and officials, however, are not fearful of an epidemic and they believe that they have the situation well in hand.

* * *

Gadsden.—The annual convention of the Christian Churches, held here, closed after a successful four day session.

* * *

Selma.—Circuit Court convened in Selma November 25. Judge B. M. Miller presiding. The convening of court was postponed one week on account of the recent influenza situation. The grand jury convened at noon the same day.

* * *

Montgomery.—Two incoming sheriffs and as many solicitors elected in the election of November 5 qualified with the Secretary of State and were issued their commissions. The new sheriffs were: W. H. Holcombe, Jr., Mobile County, nephew of the present sheriff, who bears the same name, and J. L. Gore, Republican, of Clanton, who will be the next sheriff of Chilton County. The solicitors that qualified are: B. G. Wilson, Demopolis, Marengo Circuit, and C. A. L. Samford, Opelika, Lee Circuit.

* * *

Montgomery.—At the request of Sam P. Kennedy, president of the Alabama Public Service Commission, B. L. Winchell, regional director of the Federal Railroad Administration at Atlanta, has taken steps to require the Louisville & Nashville and the Central of Georgia railroads to establish a physical connection at Samson, Ala. About five years ago the commission issued an order requiring the connection, but the Supreme Court invalidated the order on the ground that no hearing had been accorded the parties concerned.

GIVES UP MODERN ARMADA

Official Announcement By British Admiralty That Hun Fleet Surrenders According to Armistice.

London.—The German fleet as specified in the terms of the armistice with Germany, was surrendered to the allies. This announcement was made officially by the admiralty. The statement reads: "The main German fleet surrendered at 9:30 o'clock a.m. November 21."

The point of rendezvous for the allied and German sea forces was between 30 and 40 miles east of May Island, opposite the Firth of Forth.

The fog which had enveloped the grand fleet for three days cleared and the weather was dull, with a slight haze hanging over the Firth of Forth.

The fleet which witnessed the surrender consisted of some 400 ships, including 60 dreadnoughts, 50 light cruisers and nearly 200 destroyers. Admiral Beatty, commander of grand fleet, was on the Queen Elizabeth.

Germany's high sea fleet, after its surrender to the allied navies, was brought to the Firth of Forth.

The British grand fleet and five American battleships and three French warships, in two long columns, escorted the 71 German vessels to their anchorage.

A German destroyer struck a mine and sank in the North Sea, according to information received here.

The surrendered German fleet was taken to the Scapa Flow.

The Scapa Flow is in the middle of the Orkney Islands, off the northeast coast of Scotland. It is a small inland sea, with an area of 50 square miles. It contains many small islands and has numerous good harbors and roadsteads.

There is good anchorage in the Scapa Flow for a great number of large vessels. Before the war it was the headquarters of the British home fleet during the naval training season.

U. S. SQUADRON TAKES PART

Participated In the Passing of German Sea Power—Share In Formal Acceptance By Admiral Beatty.

Washington.—An American battle squadron probably including five dreadnoughts, commanded by Rear Admiral Hugh Rodman, and operating as a unit of the British grand fleet, participated in the passing of German sea power. The Americans shared in the formal acceptance by Admiral Beatty, first British sea lord, of the surrender of the main force of the German high seas fleet, as designated in the terms of the armistice.

The identity of the American naval craft in European waters never has been disclosed. The dreadnoughts originally sent over were selected because they burned coal, as the British government had difficulty in maintaining a supply of oil fuel. The original group may have been relieved, however, and more modern ships sent. With the American squadron went all auxiliary craft necessary to maintain them in active service without drain upon British resources. They have been on duty with the grand fleet for 15 months.

20 SUBS SURRENDER TO BRITISH

First U-Boats To Be Turned Over To Allies By the Germans.

London.—Twenty German submarines were surrendered to Rear Admiral Reginald W. Tyrwhitt, 30 miles off Harwich, according to a press association dispatch. These are the first U-boats to be turned over to the allies by Germany.

Harwich has one of the best harbors on the east coast of England. It is in the county of Essex, northeast of London.

Admiral Tyrwhitt received the surrender of the German craft on board his lagship, a British cruiser.

The surrendered submarines proceeded to Harwich in charge of their own crews. The U-boats were boarded by British crews and interpreters then went to Parkeston quay nearby. The Germans left the submarines there and took transports for their return to Germany.

Twenty additional submarines were surrendered Nov. 21 and 20 more Nov. 22. The remainder of the U-boats to be handed over in accordance with the armistice terms will be given up later.

PROHIBITION ENTIRE COUNTRY.

Ban To Continue Until Armed Forces Are Demobilized.

Washington.—The emergency food stimulation bill, with its prohibition rider, was finally passed by the senate and now goes to President Wilson for signature.

The prohibition rider carried in the bill prohibits the manufacture, sale and transportation of all alcoholic beverages after July 1, next, the ban to continue until all the armed forces of the United States have been demobilized.

AMERICANS SLEEP IN FORTRESS

Quartered In a Room On Underground Floor In Verdun.

With American Army in France.—American Ambassador Sharp, Gen. Bliss and Admiral Benson slept in the fortress of Verdun as the guests of the French commandant. They were on their way to Metz when they learned Marshal Foch had postponed his entrance for a day. The Americans were quartered in a room on one of the underground floors of the great citadel.

THE FOURTH LIBERTY LOAN NEAR 7 BILLION

THE GRAND TOTAL OF $6,989,047,000 OFFICIALLY ANNOUNCED FROM WASHINGTON.

NEXT LOAN FOR SHORT TERM

Amount of Fifth Bond Issue Not Yet Fixed—Will Probably Mature In Five Years—Nation Floated $17,000,000,000 Loans.

Washington.—Total subscriptions to the Fourth Liberty loan were $6,989,047,000, the treasury department announced after final tabulations had been completed. The over-subscription of $989,047,000 was 16.43 per cent. Every federal reserve district exceeded its allotted quota.

This makes the Fourth Liberty loan by far the greatest war loan ever floated by this or any other government. For the fourth consecutive time in 18 months of war the American people subscribed more than the government asked to finance the war. Including the Fourth Liberty loans and war savings, the nation has raised $17,852,000,000 in popular loans, and this does not take into consideration the oversubscriptions which were not accepted.

Reports by districts arranged in order of their subscription percentages are:

Bonds of the fifth war loan, to be offered probably in the spring, will be of short maturity, Secretary McAdoo announced. This was interpreted as meaning five years or less. The secretary said it is impossible now to predict the size or time of flotation of future bond issues, necessary to cover the remaining expenditures growing out of the war, but added that it is "entirely clear that the moment had come when the interests of the government and the country would be best served by the issue of bonds of short maturities and that that would be the policy of the treasury."

Short term bonds, treasury officials feel, would be bought more readily than those of longer maturity. Previous Liberty bond issues range between 10 and 30 years.

BEDECK TOWN WITH FLAGS

The American Troops Enter Briey, In the Heart of the Lothringian Iron Fields.

With American Army of Occupation. American troops entered Briey, the heart of Lothringian iron fields. There were arches across the main street and the town was bedecked with flags. Fifteen hundred civilians greeted the troops.

After a welcome by the Briey officials, the Thirty-eighth Infantry band of the Third Division gave a concert; then the Americans lunched from rolling kitchens, a large number of released Russians also being fed.

Outwardly Briey showed few indications of the war, the buildings being intact, but there were German signs everywhere, pointing in the direction of ammunition dumps and the various headquarters.

FOOD ON WAY TO EUROPE.

Ships Carrying Food To the Famine-Stricken Countries.

Washington.—Ships carrying 200,000 tons of food for the populations of Northern France, Belgium and Austria are en route to Europe. They are proceeding under sealed orders to Gibraltar and Bristol channel ports. On arrival they will await word from Food Administrator Hoover as to their final destinations. Those going to Gibraltar are expected to proceed to Adriatic and Mediterranean ports and the others to French and Belgian ports.

TWENTY-ONE DIE IN PANIC.

Many Children Injured In Moving Picture Theatre.

Castleton, Spain.—A fatal panic occurred in a motion picture theatre here when an unidentified person cried "fire." The theater was crowded, most of the spectators being children and 20 children and one soldier were trampled to death. Twelve children were injured sevrely and twenty-five slightly.

WILSON TO ATTEND CONFERENCE

How Long the President Will Stay Abroad Is Uncertain.

Washington.—President Wilson will attend the opening session of the peace conference. He will go immediately after the convening of the regular session of congress on Dec. 2.

How long the president will remain abroad he himself probably cannot now say. The time for the convening of the peace conference has not yet been announced.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

JAPAN LARGER THAN GERMANY

Land of Nippon Also Can Boast of a Greater Population, as Well as Area.

In World's Work there is a chart which shows a comparison of Germany and the Japanese empire. Japan is the greater of the two, both in territory and population. Germany's area (exclusive of colonies) is 208,780 square miles, while that of the Japanese empire is 260,738 square miles. This includes the peninsula of Korea which is a part of the Japanese nation, but it does not include Manchurian and other Asiatic territory in which Japan has secured 99-year leases of ports and railroads as well as business advantages of all sorts and mining rights. Germany's population at the beginning of the present war was about 67,000,000. There are now 71,000,000 people living under the Japanese flag and there are also great numbers of them scattered over the islands of the Pacific and in foreign countries.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

HURRY, MOTHER! REMOVE POISONS FROM LITTLE STOMACH, LIVER, BOWELS.

GIVE CALIFORNIA SYRUP OF FIGS AT ONCE IF BILIOUS OR CONSTIPATED.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels needs a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhœa, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

AFTER EFFECTS OF MEASLES

MOTHER, WHO LIVES IN TENNESSEE MOUNTAINS WHERE BLACK-DRAUGHT IS RELIED ON IN MANY TROUBLES, SAYS IT MADE HER BOY SOUND AND WELL.

Coal Creek, Tenn.—Up in the mountains, quite some distance from town, lives Mrs. U. S. Fritts, who relates her experience with Thedford's Black-Draught as follows:

"My little boy, James, took sick with diarrhea, about five years ago, and was badly swollen. He had the measles and this was, no doubt, an after-effect. I made him well by giving him Thedford's Black-Draught. I gave it to him three times a day for a month. I firmly believe it saved his life.

We always keep Black-Draught in our house. It is our doctor. Always easy to get and prompt in giving relief.

A small pinch of Black-Draught after each meal and at bed time for headache, stomach and liver trouble, and we are well the next morning.

It certainly works wonders sometimes and saves no end of trouble, relieves pain, and there is no need for another doctor.

I have recommended Black-Draught to all my neighbors and will continue to recommend it."

Thedford's Black-Draught is a pure, vegetable herb liver medicine, acting gently, yet promptly, on liver and bowels.

Thousands of people, everywhere, have found it to relieve constipation, indigestion, biliousness and many similar disorders.

Try Black-Draught. Your druggist sells it.—Adv.

SPANISH INFLUENZA

Do Not Fear When Fighting a German or a Germ!

By DR. M. COOK.

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard foot-bath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the kidneys and control the pains and aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice-cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the system should be built up by the use of a good iron tonic, such as "Irontic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

Publication of Application of Joint Owners for Division

The State of Alabama, Shelby County,
Probate Court.

Whereas, Mrs. Ella Doss, one of a number of joint owners of the estate of Alden Doss, deceased, has filed her application in writing, under oath, for an order to divide certain property described in said application, belonging to Mrs. Ella Doss, Lester Doss, Velma Coshatt, and Mary Doss, joint owners.

Whereupon, it is ordered that the 23rd day of December, 1918, be appointed a day on which to hear such application, at which time all persons interested can appear and contest the said application if they think proper.

Witness my hand, this 26th day of November, 1818,

G. W. Weaver,
11-28-4t. Judge of Probate.

Peace Has Come

THE ringing of bells and the song of the whistles told of the joy that is in ten million mothers' hearts today—the thunder of the guns has been silenced—the buiet of Peace has descended like a benediction on the martyred fields of France—and our boys will be coming home.

You mothers, you sisters, you wives and sweethearts who have waited and feared and wondered if your boy would ever come back—who have prayed for him in the quiet night hours, have tramped with him in spirit on weary marches, stood with him in the rain and mud of the trenches and suffered with him on his hospital cot—what must be your joy today, for he is coming back to you.

The clouds have broken, the shadows have passed—the pure sweet light of Peace is bathing the world as on Resurrection Morn.

Peace has come!
